

NOTICE OF UPCOMING CONSTRUCTION ON SR-68

The Utah Department of Transportation (UDOT) is scheduled to begin a microsurfacing project in Bountiful on SR-68 (500 South and 200 West) on Wednesday, June 1. This project will extend the life of the current road and provide a smoother ride for motorists.

OVERVIEW

- Work begins June 1 and is expected to be complete July 1.
- Microsurfacing will occur at night between the hours of 8 p.m. and 5 a.m.
- Repaving will be done in the following locations:
 - On 500 South between 425 West and 200 West
 - On SR-68/200 West between 500 South and US-89
- Microsurfacing is a thin layer of asphalt blended with finely crushed stone that is applied to the roadway. This application will protect the current roadway and will provide a smoother ride for motorists.

WHAT TO EXPECT

- Traffic will be decreased to one lane open in each direction during construction.
- Motorists should expect a maximum of 15 minute delays during night work hours and may want to consider an alternative route.
- **Dates and times of construction are subject to change based on weather and equipment.**
- **Please travel slowly through the construction zone and follow posted signs.**
