

Christmas tree pickup will be January 6 – 10, 2020. Have your trees out on the curb by 7:00 a.m. on your garbage pick-up day. Separate crews will be picking up the trees, they will not be picked up by your regular sanitation route driver. If you prefer to take your tree to the landfill, the fee charge will be waived for Bountiful residents during the month of January (proof of residency required). All items including lights and ornaments must be removed from the trees before putting them out for pickup or taking them to the landfill in order for the trees to be recycled.
