City Council Staff Report

Subject: Lumen Franchise Agreement

Author: Gary Hill

Department: Administration

Date: October 10, 2023

Background

Lumen (formerly CenturyLink) and its predecessors have provided telecommunication services within Bountiful for many years. These services have been authorized through two different agreements with the City:

- A 1936 pole attachment agreement with Mountain States Telephone and Telegraph
- A 1965 Franchise Agreement, also with Mountain States T&T

Earlier this year Lumen began a project to install residential fiber-optic data services throughout the city. Through conversations with Lumen's representatives, we became aware that these services are not covered under any existing franchise agreements. Lumen is now seeking a new franchise agreement with the city in order to provide fiber internet services.

Analysis

Power Director Allen Johnson and I met in person with Lumen representatives in August to understand Lumen's construction and installation plans and to discuss concerns with their existing practices. Included in these concerns are some of the following items:

- Hundreds of pole attachment requests left uncompleted.
- Delays in responding to requests to remove lines during scheduled construction.
- Delays in responding after emergencies.
- Concerns about adding additional weight to older power poles.

We shared the City's expectation that these (and other) issues would need to be dealt with while working through a new franchise agreement and might possibly include the need for a new pole attachment agreement. We also explained that no new permits for construction would be issued until any required agreements were executed. Lumen's representatives were respectful and indicated they were eager to address the issues including pole attachments.

Staff plans to discuss the issues to be resolved and answer questions from the City Council at the work session on October $10^{\rm th}$.

Significant Impacts

None at this time.

Recommendation

This item is for discussion only. Staff would like the City Council's input before moving forward with drafting a new franchise agreement.

AGREEMENT

This Agreement, made this First day of January, 1936, by and between BOUNTIFUL CITY, a Municipal Corporation of the State of Utah, hereinafter called the "Electric Company", party of the first part, and THE MOUNTAIN STATES TELEPHONE AND TELE-GRAPH COMPANY, a corporation of the State of Colorado, hereinafter called the "Telephone Company", party of the second part.

witnesseth:

WHEREAS, the Electric Company and the Telephone Company desire to cooperate in accordance with the "Principles and Practices for the Joint Use of Wood Poles by Supply and Comunication Companies" issued February 15, 1926, by the Joint General Committee of the National Electric Light Association and Bell Telephone System, and to establish joint use of their respective poles when and where joint use shall be of mutual advantage; and

WHEREAS, the conditions determining the necessity or desirability of joint use depend upon the service requirements to be met by both parties, including considerations of safety and economy, and each of them should be the judge of what the character of its circuits should be to meet its service requirements and as to whether or not these service requirements can be properly met by the joint use of poles.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the parties hereto, for themselves, their successors and assigns, do hereby covenant and agree as follows:

ARTICLE I

DEFINITIONS

For the purpose of this agreement, the following terms when used herein, shall have the following meanings;

STANDARD SPACE is the following described space on a joint pole for the exclusive use of each party, respectively.

(except only as to the portion of its said space which, by the terms of the annexed specifications, may be occupied by certain attachments therein described of the other party):

1. For the Electric Company, the uppermost

Three feet;

2. For the Telephone Company, a space of three feet at a sufficient distance below the space of the Electric Company to provide at all times the minimum clearance required by the specifications referred to in Article VI, and at a sufficient height above the ground to provide the proper vertical clearance for the lowest horizontally run line wires or cables attached in such space.

STANDARD JOINT POLE MEANS a pole which is just tall enough to provide standard space for the respective parties as aforesaid. Specifically, a standard joint pole under this agreement shall be a 35 foot class #5 (6") wood pole.

ARTICLE II

SCOPE OF AGREEMENT

This agreement shall be in effect in the following described territory: All Bountiful City and surrounding territory, and shall cover all wood poles of each of the parties now existing or hereafter erected in the above territory when said poles are brought hereunder in accordance with the procedure hereinafter provided. Each party reserves the right to exclude from joint use (1) poles which, in the Owner's judgment are necessary for its own sole use; and (2) poles which carry, or are intended by the Owner to carry, circuits of such a character that in the Owner's judgment the proper rendering of its service now or in the future makes joint use of such poles undesirable.

ARTICLE III

PLACING, TRANSFERRING OR REARRANGING ATTACHMENTS

(a) Whenever either party desires to reserve space on any pole of the other, for any attachments requiring space thereon, not then specifically reserved hereunder for its use, it shall make written application therefor, specifying in such notice the location of the pole in question, and the number and kind of attachments which it desires to place thereon and the character of the circuits to be used. Within ten (10) days after the receipt of such notice, the Gwner shall notify the Applicant in writing, whether or not said pole is of those excluded from joint use under the provisions of Article II. Upon receipt of notice from the Owner that said pole is not of those excluded, and after the completion of any transferring or rearranging which is then required in respect to attachments on said poles, including any necessary pole replacements as provided in Article IV (a), the Applicant shall have the right as Licensee hereunder to use said space for attachments and circuits of the character specified in said application in accordance with the terms of this agreement. (b) Except as herein otherwise expressly provided, each party shall place, maintain, rearrange, transfer and remove its own attachments, (including any tree trimming or cutting incidental thereto) at its own expense and shall at all times perform such work promptly and in such a manner as not to interfere with the service of the other party.

ARTICLE IV

ERECTING, REPLACING OR RELOCATING POLES

- (a) Whenever any jointly used pole, or any pole about to be used under the provisions of this agreement, is insufficient in size or strength for the existing attachments and for the proposed immediate additional attachments thereon, the Owner shall promptly replace such pole with a new pole of the necessary size and strength, and make such other changes in the existing pole line in which such pole is included, as the conditions may then require.
- (b) Whenever it is necessary to change the location of a jointly used pole, by reason of any state, municipal or other governmental requirement, or the requirements of a property owner, the Owner shall, before making such change in location, give notice thereof in writing (except in cases of emergency when verbal notice will be given, and subsequently confirmed in writing) to the Licensee, specifying in such notice the time of such proposed relocation, and the licensee shall, at the time so specified, transfer its attachment to the pole at the new location.
- Whenever either party hereto is about to erect new poles within the territory covered by this agreement. either as an additional pole line, as an extension of an existing pole line, or as the reconstruction of an existing pole line, it shall notify the other in writing at least ten days before beginning the work (shorter notice, including verbal notice subsequently confirmed in writing, may be given in cases of emergency) and shall submit with such notice its plans showing the proposed location and character of the new poles and the character of circuits it will use thereon. other party shall, within ten (10) days after the receipt of such notice, reply in writing to the party erecting the new poles, stating whether such other party does, or does not, desire space on the said poles, and if it does desire space thereon, the character of the circuits it desires to use and the amount of space it wishes to reserve. If such other party requests space on the new poles and if the character and number of circuits and attachments are such that the Owner does not wish to exclude the poles from joint use under the provision of Article II, then poles suitable for the said joint use shall be erected in accordance with the provisions of paragraphs (d) and (e) of this Article.

- (d) In any case where the parties hereto shall conclude arrangements for the joint use hereunder of any new poles to be eracted, the ownership of such poles shall be determined by mutual agreement, to the end that each party hereto shall at all times own approximately one-half the total number of poles jointly used under this agreement, due regard being given to the desirability of avoiding mixing ownership in any given line. In the event of disagreement, as to ownership, the party then owning the smaller number of joint poles under this agreement, shall erect the new joint poles and be the owner thereof.
- (e) The costs of erecting new joint poles coming under this agreement, either as new pole lines, as extensions of existing pole lines or to replace existing poles, shall be borne by the parties as follows:
 - 1. A standard joint pole, or a joint pole shorter than the standard, shall be erected at the sole expense of the Owner.
 - 2. A pole taller than the standard, the extra height of which is due wholly to the Owner's requirements shall be erected at the sole expense of the Owner.
 - 3. In the case of a pole taller than the standard, the extra height of which is due wholly to the Licensee's requirements, the Licensee shall pay to the Owner a sum equal to the difference between the cost in place of such pole and the cost in place of a standard joint pole, the rest of the cost of erecting such pole to be borne by the Owner.
 - 4. In the case of a pole taller than the standard, the extra height of which is due to the requirements of both parties, the Licensee shall pay to the Owner a sum equal to one-half the difference between the cost in place of such pole and the cost in place of a standard joint pole, the rest of the cost of erecting such pole to be borne by the Owner.
 - 5. In the case of a pole teller than the standard, where a height in addition to that needed for the purpose of either or both of the parties here to is necessary in order to meet the requirements of public authority or of property owners, one-half of the excess cost of such pole due to such requirements shall be borne by the Licensee; the rest of the cost of such pole to be borne as provided in that one of the preceding paragraphs 1.

 2. 3 or 4. within which it would otherwise properly fall.
- (f) In any case where a pole is erected hereunder to replace another pole solely because such other pole is not tall enough to provide adequately for the Licensee's requirements, and where such other pole, whether it carry space

reserved for the Licensee's use or not, had at the time of its erection, been pronounced by the Licensee as satisfactory and adequate for its requirements, the Licensee shall, upon erection of the new pole, pay to the Owner, in addition to any amounts payable by the Licensee under paragraphs 3, 4 or 5 of Section (e) of this Article, a sum equal to the then value in place of the pole which is replaced and the pole removed shall thereupon become the property of the Licensee.

- (g) Any payments made by the Licensee under the foregoing provisions of this Article for poles taller than standard shall be in lieu of increased rentals and shall not in any way affect the ownership of said pole.
- (h) When replacing a jointly used pole carrying terminals of aerial cable, underground connections or transformer equipment, the new pole shall be set in the same hole which the replaced pole occupied, unless special conditions make it necessary to set in a different location.

· ARTICLE V

PROCEDURE WHEN CHARACTER OF CIRCUITS IS CHANGED

When either party desires to change the character of its circuits on jointly used poles, such party shall give ninety days notice to the other party of such contemplated change and in the event that the party agrees to joint use with such changed circuits, then the joint use of such poles shall be continued with such changes in construction as may be required to meet the terms of the attached specifications hereinafter referred to as Exhibit "A" for the character of circuits involved. In the event, however, that the other party fails within thirty days from receipt of such notice to agree in writing to such change then both parties shall cooperate in accordance with the following plan:

- 1. The parties here to shall determine the most practical and economical method of effectively providing for separate lines and the party whose circuits are to be moved shall promptly carry out the necessary work.
- 2. The cost of reestablishing such circuits in the new location as are necessary to furnish the same business facilities that existed in the joint use at the time such change was decided upon, shall be equitably apportioned between the parties hereto. In the event of disagreement as to what constitutes an equitable apportionment of such cost, the Licensee shall bear the said net costs.

Unless otherwise agreed by the parties, ownership of any new line constructed under the foregoing provision in a new location shall vest in the party for whose use it is

constructed. The net cost of establishing service in the new location shall be exclusive of any increased cost due to the substitution for the existing facilities of other facilities of a substantially new or improved type or of increased capacity, but shall include among other items the cost of the new pole line including rights of way, the cost of removing attachments from the old poles to the new location and the cost of placing the attachments on the poles in the new location.

ARTICLE VI

SPECIFICATIONS

Except as otherwise provided in Section (b) of Article VIII the joint use of the poles covered by this agreement shall at all times be in conformity with the terms and provisions of the attached specifications marked Exhibit "A" and hereby made a part hereof.

ARTICLE VII

RIGHT OF WAY FOR LICENSEE'S ATTACHMENTS

No guarantee is given by the Owner of permission from property owners or others for the use of its poles by the Licensee, and if objection is made thereto and the Licensee is unable to satisfactorily adjust the matter within a reasonable time, the Owner may at any time upon thirty days notice in writing to the Licensee, require the Licensee to remove its attachments from the poles involved, and the Licensee shall, within sixty days after receipt of said notice, remove its attachments from such poles at its sole expense. Should the Licensee fail to remove its attachments as herein provided, the Owner may remove them at the Licensee's expense without any liability whatever for such removal or the manner of making it, for which expense the Licensee shall reimburse the Owner on demand.

ARTICLE VIII

MAINTENANCE OF POLES AND ATTACHMENTS

(a) The Owner shall, at its own expense, maintain its joint poles in a safe and serviceable condition, and in accordance with the attached specifications marked Exhibit "A" and shall replace, subject to the provisions of Article IV, such of said poles as become defective. Except as otherwise provided in Section (b) of this Article, each party shall, at its own expense, at all times maintain all of its attachments in accordance with said specifications marked Exhibit "A" and keep them in safe condition and in thorough repair; provided, however, that neither party shall be required to rearrange any cable installed prior to the date of this agreement, and carried on the street side of any pole, so as to occupy the field side thereof.

(b) Any existing joint use construction of the parties hereto which does not conform to the said specifications shall be brought into conformity therewith as follows:

Within one year from the date of this agreement Ten Percent (10%) of the poles involved in such existing joint use construction, and the attachments on said poles, and thereafter Ten percent (10%) per annum shall be brought into conformity with said specifications; provided, however, that this provision shall not be so applied as to require any then existing cables carried on the street side of any such poles to be rearranged to occupy the field side thereof.

When such existing joint use construction shell have been brought into conformity with said specifications, it shall at all times thereafter be maintained as provided in Section (a) of this Article.

The cost of bringing such existing joint use construction into conformity with said specifications shall be borne by the parties here to in the manner provided in Section (b) of Article III and Section (e) of Article IV.

ARTICLE IX

ABANDONMENT OF JOINTLY USED POLES

- (a) If the Owner desires at any time to abandon any jointly used pole, it shall give the License notice in writing to that effect at least thirty days polor to the date on which it intends to abandon such pole. If, at the expiration of said period, the Owner shall have no attachments on such pole but the Licensee shall not have removed all of its attachments therefrom, such pole shall thereupon become the property of the Licensee, and the Licensee shall save harmless the former Owner of such pole from all obligation, liability, damages, cost, expenses or charges incurred thereafter, because of, or arising out of, the presence or condition of such pole or of any attachments thereon; and shall pay to the Owner a sum equal to the then value in place of such abandoned pole or poles or such other equitable sum as may be agreed upon between the parties. Credit shall be allowed for any payments which the Licensee may have made under the provisions of Article IV (E) when the pole was originally set.
- (b) The Licensee may at any time abandon the use of a joint pole by giving due notice thereof in writing to the Owner and by removing therefrom any and all attachments it may have thereon. The Licensee shall in such case pay to the Owner the full rental for said pole for the then current year.

ARTICLE X

RENTALS

The Licensee shall pay to the Owner as rental for

the use of each any every pole any portion of which is occupied by or specifically reserved at the Licensee's request for, the attachments of the Licensee TWO & 50/100 (\$2.50) DOLLARS per pole per annum.

Rental payments hereunder shall cover rentals accruing during the calendar year and shall be based on the space which is occupied or reserved on the first day of July of the year in which the rentals accrue. Within ninety days following such date, each party shall submit a written statement to the other party giving the number of poles on which space was occupied by or reserved for the other party as of such date. Rental payment shall be made within ninety days of the receipt of such statement.

ARTICLE KI

TERIODICAL RUADJUSTMANT OF RENTALS

At the expiration of five years from the date of this agreement, and at the end of every five year period thereafter, the rental per pole per annum thereafter payable hereunder shall be subject to readjustment at the request of either party made in writing to the other not later than thirty days before the end of any such five year period. If within sixty (60) days after the receipt of such a request by either party from the other, the parties hereto shall fail to agree upon a readjustment of such rental, then the rental per pole per annum so to be paid shall be an amount equal to one-half (1/2) of the then average total annual cost per pole of providing and maintaining the standard joint poles covered by this agreement. In case of a readjustment of rentals as herein provided, the new restals shall be payable until again readjusted.

ARTICLE MII

DEFAULTS

If either party shall make default in any of its obligations under this contract and such default continue thirty (30) days after notice thereof in writing from the other party, all rights of the party in default hereunder shall be suspended, including its right to occupy jointly used poles, and if such default shall continue for a period of ninety days after such suspension, the other party hereunder may forthwith terminate this agreement as far as concerns future granting of joint use.

If either party shall make default in the performance of any work which it is obligated to do under this contract at its sole expense, the other party may elect to do such work, and the party in default shall reimburse the other party for the cost thereof. Failuse on the part of the defaulting party to make such payment within ninety (90) days upon presentation of bills therefor shall, at the election of the

other party, constitute a default under the first clause of this article.

ARTICLE MIII

LIABILITY AND DAMAGES

Whenever any liability is incurred by either or both of the parties here to for damages for injuries to the employees or for injury to the property of either party, or for injuries to other persons or their property, arising out of the joint use of poles under this agreement, or due to the proximity of the wires and fixtures of the parties hereto attached to the jointly used poles covered by this agreement, the liability for such damages, as between the parties hereto, shall be as follows:

- l. Each party shall be liable for all damages for such injuries to persons or property caused solely by its negligence or solely by its failure to comply at any time with the specifications herein provided for; provided that construction temporarily exempted from the application of said specifications under the provisions of section (b) of Article VIII shall not be deemed to be in violation of said specifications during the period of such exemption.
- 2. Each party shall be liable for all damages for such injuries to its own employees or its own property that are caused by the concurrent negligence of both parties hereto or that are due to causes which cannot be traced to the sole negligence of the other party.
- 3. Each party shall be liable for one-half (1/2) of all damages for such injuries to persons other than employees of either party, and for one-half (1/2) of all damages for such injuries to property not belonging to either party that are caused by the concurrent negligence of both parties hereto or that are due to causes which cannot be traced to the sole negligence of the other party.
- Where, on account of injuries of the character described in the preceding paragraphs of this article, either party here to shall make any payments to injured employees or to their relatives or representatives in conformity with (1) the provision of any workmen's compensation act or any act creating a liability in the employer to pay compensation for personal injury to an employee by accident arising out of and in the course of the employment, whether based on negligence on the part of the employer or not, or (2) any plan for employees' disability benefits or death benefits now established or hereafter adopted by the parties here to or either of them, such payments shall be construed to be damages within the terms of the preceding paragraphs numbered 1 and 2 and shall be paid by the parties hereto accordingly.

- 5. All claims for damages arising hereunder that are asserted against or affect both parties hereto shall be dealt with by the parties hereto jointly; provided, however, that in any case where the claimant desires to settle any such claim upon terms acceptable to one of the parties hereto but not to the other, the party to which said terms are acceptable may, at its election, pay to the other party one-half (1/2) of the expense which such settlement would involve, and thereupon said other party shall be bound to protect the party making such payment from all further liability and expense on account of such claim.
- 6. In the adjustment between the parties hereto of any claim for damages arising hereunder, the liability assumed hereunder, by the parties shall include, in addition to the amounts paid to the claimant, all expenses incurred by the parties in connection therewith, which shall comprise costs, attorneys' fees, disbursements and other proper charges and expenditures.

ARTICLE XIV

EXISTING RIGHTL OF OTHER PARTIES

If either of the parties hereto has, prior to the execution of this agreement, conferred upon others, not parties to this agreement, by contract or otherwise, rights or privileges to use any poles covered by this agreement, nothing herein contained shall be construed as affecting said rights or privileges, and either party hereto shall have the right by contract or otherwise, to continue and extend such existing rights or privileges; it being expressly understood, however, that for the purpose of this agreement, the attachments of any such outside party shall be treated as attachments belonging to the grantor, and the rights, obligations and liabilities hereunder of the grantor in respect to such attachments shall be the same as if it were the actual owner thereof.

aRTICLE XV

SERVICE OF NOTICES

Wherever in this agreement notice is provided to be given by either party hereto to the others such notice shall be in writing and given by letter mailed, or by personal delivery, to the electric Company at its office at Bountiful, Utah, or to the Telephone Company at its office at Salt Lake City, Utah, as the case may be, or to such other address as either party may, from time to time, designate in writing for that purpose.

ARTICLE KVI

TERM OF AGREEMENT

Subject to the provisions of Article XII herein, this agreement may be terminated, so far as concerns further granting of joint use by either party, after the first day of January, 1937, upon one (1) year's notice in writing to the other party provided, that if not so terminated it shall continue in force thereafter until terminated by either party at any time upon one year's notice in writing to the other party as aforesaid, and provided further that notwithstanding such termination, this agreement shall remain in full force and effect with respect to all poles jointly used by the parties at the time of such termination.

ARTICLE AVII

ASSIGNMENT OF RIGHTS

Except as otherwise provided in this agreement, neither party hereto shall assign or otherwise dispose of this agreement or any of its rights or interests hereunder, or in any of the jointly used poles, or the attachments or rights of way covered by this agreement, to any firm, corporation or incividuel, without the written consent of the other party; provided, however, that nothing herein contained shall prevent or limit the right of either party to mortgage any or all of its property, rights, crivileges and franchises, or lease or transfer any of them to another corporation organized for the purpose of conducting a business of the same general character as that of such party or to enter into any merger or consolidation; and, in case of the foreclosure of such mortgage; or in case of such lease, transfer, merger, or consolidation its rights and obligations hereunder shall pass to, and be acquired and assumed by, the purchaser on foreclosure, the transferee, lessee, assignee, merging or consolidating company, as the case may be; and provided, further, that subject to all of the terms and conditions of this agreement, either party may permit any corporation conducting a business of the same general character as that of such party, and owned, operated, leased and controlled by it, or associated or affiliated with it in interest, or connecting with it, the use of all or any part of the space reserved hereunder on any pole covered by this agreement for the attachments used by such party, in the conduct of its said business; and for the purpose of this agreement, all such attachments maintained on any such pole by the permission as aforesaid of either party hereto shall be considered as the attachments of the party granting such permission, and the rights, obligations and liabilities of such party under this agreement, in respect to such attachments, shall be the same as if it were the actual owner thereof.

ARTICLE RVIII

WAIVAR OF TEMS OR COMDITIONS

The failure of either party to enforce or insist upon compliance with any of the terms or conditions of this agreement shall not constitute a general waiver or relinquishment of any such terms or conditions, but the same shall be and remain at all times in full force and effect.

ARTICLE MIX

EXISTING CONTRACTS

All existing agreements between the parties hereto for the joint use of poles upon a rental basis within the territory covered by this agreement are, by mutual consent, hereby abrogated and annulled.

these presents to be executed in duplicate, and their corporate seals to be affixed thereto by their respective officers thereunto duly authorized, on the day and year first above written.

AN ORDINANCE granting to THE MOUNTAIN STATES TELEPHONE AND TELEGRAPH COMPANY, its successors and assigns, the right and privilege to construct, erect, operate and maintain over and under the streets, alleys, and public ways in the City of Bountiful wires, cables and underground conduits, and to conduct a general telephone business.

RE IT ORDAINED by the City Council of the City of Bountiful, Utah:

There is hereby granted to The Mountain States Telephone and Telegraph Company, a corporation, its successors and assigns, for a period of years from and after the effective date of this ordinance, the right and privilege to construct, erect, operate and maintain in, upon, along, across, above. under and over the streets, alleys, public ways and public places, now or hereafter laid out or dedicated, and all extensions thereof and additions thereto in the City of Bountiful, poles, wires, cables, underground conduits, manholes and other fixtures and equipment necessary or proper for the maintenance and operation in said City of a telephone exchange and lines connected therewith; provided however, that no poles or other fixtures shall be placed where the same will interfere with any gas mains, electric light or power lines, sewer lines, water hydrant or water main; and the Company, before constructing any such facilities, shall furnish to the City Engineer complete drawings of any such construction, and the City shall keep and maintain permanent records of the location and character of the Company's facilities and their relationship to those of the City and other public utilities, in order that there will be no interference between these facilities. All such poles or other fixtures placed on any street shall be placed at the outer edge of the sidewalk and inside the curb line, and those placed in the alleys shall be placed close to the line of the lot abutting on said alleys; such equipment or fixtures in any event shall be placed in such a manner as not to interfere with the usual travel on said streets, alleys and public ways; provided further that the Company will comply with any reasonable request of the City to relocate any of its facilities located on city streets at the Company's sole cost and expense.

SECTION 2. During the life of this franchise the Company shall be subject to all lawful exercise of the police power by the City

and to such reasonable regulations thereunder as the City may by ordinance hereafter provide. It is expressly understood and agreed by and between the said Company and the City that the Company shall save the City harmless from all loss sustained by the City on account of any suit, judgment, execution, claim or demand whatsoever resulting from negligence on the part of the Company in the construction and maintenance of its telephone system in the City. The City shall notify the Company's representative within ten days after the presentation of any claim or demand either by suit or otherwise made against the City on account of any negligence as aforesaid on the part of the Company but failure or delay of notice shall not release the Company of the liability herein referred to.

SECTION 3. Any person or corporation desiring to move a building or other improvement along, or to make any unusual use of the streets, alleys and public ways of the City which, in movement or use, would interfere with the poles, wires or other fixtures of the Company or the City, shall first give notice to the Company or the City, as the case may be, and shall pay to the Company or the City, as the case may be, a sum sufficient to cover the expenses and damage incident to the cutting, altering and moving the wires or other fixtures of the Company or the City, and shall make application for a permit from the City for such movement or use. Before a permit is given by the City therefor, the applicant shall present a receipt from the Company showing such payment. Thereupon, the Company, upon presentation of the said permit, shall within 48 hours thereafter provide for and do such cutting, altering and moving of the wires or other fixtures of said Company as may be necessary to allow such moving or other unusual use of the streets, alleys and public ways of the City,

that the enactment of this franchise and its acceptance by the Company was and is made upon the express condition and understanding that neither the said enactment or the grant of acceptance of this franchise shall constitute a waiver upon the part of the Company of any rights or claims had or made by said Company with respect to the occupance of the streets, allevs and public places of the City under the law of the Territory of Whah and under the constitutional and deneral statutes of the State of Whah, nor shall anything in this franchise in anywise prejudice or impair any rights or claims existing independently of this franchise of said Company or its predecessors or successors with respect to the construction, operation and maintenance, either before or after the life of this franchise, of a telephone system in said City.

SECTION 5. In further consideration for the franchise herein granted, the Company during the life of this franchise shall pay to the City 1 per cent of the gross revenue derived by the Company from all local exchange service revenue received from subscribers located within the City of Bountiful and directly connected with the switchboard or switchboards of the Company located in said City. Payments shall be made on or before sixty days after January 1 and July 1 of each year, based upon the revenue for the respective six months period next preceding the aforementioned dates of each year. For the purpose of verifying said revenue, the books of the Company pertaining thereto shall be open to inspection by duly authorized representatives of the City at all reasonable times, upon the giving of reasonable notice of intention to inspect such books.

of said acceptance, the City Recorder, by letter addressed to the Secretary of said Company at Denver, Colorado, shall acknowledge the receipt of said acceptance.

JOINT GENERAL PLAN DISCUSSION WITH PLANNING COMMISSION

Planning Commissioners

Mr. Joe Moss presented a brief overview of the General Plan updating process and explained that the consultants are now in the drafting stage of the plan. He added that there will still be opportunities for the public to give input. He presented the vision statement that was drafted with help from the Council, Planning Commission and steering committee: "Bountiful provides a high quality of life for residents. Bountiful has a vibrant Main Street, abundant recreation opportunities, an array of housing options, and locally focused retail. All of which is in a safe, family-friendly, and welcoming community that is the anchor of South Davis County." He then went through each of the six proposed "Guiding Principles" associated with the vision statement and had Councilmembers and Planning Commissioners give input, rank aspects of them, and discuss them. The six guiding principles are:

- 1. "A welcoming community built for everyone regardless of age or income"
- 2. "A business-friendly community that serves the community with a variety of locally focused services, shopping, and entertainment options"
- 3. "A connected community with complete networks for pedestrians, bicycles, transit, and vehicles."
- 4. "An active community with diverse outdoor recreational opportunities and access to our

1 mountain backyard"

- 5. "An efficient and resilient community with effective utilities and robust services"
- 6. "A friendly community with lively community events, and neighborly connections".

Following the discussion, Mr. Moss announced that the next steps in the process will be another steering committee meeting in October, another joint session tentatively scheduled for November, release of a rough draft plan to the public, and then adoption hearings in December.

The meeting ended at 6:54 p.m.

CONSIDER APPROVAL OF MINUTES OF PREVIOUS MEETING HELD SEPTEMBER 12, 2023

Councilmember Bradshaw made a motion to approve the minutes from the meeting held September 12, 2023 and Councilmember Higginson seconded the motion. The motion passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

COUNCIL REPORTS

Councilmember Higginson did not have a report.

Councilmember Bahr did not have a report.

<u>Councilmember Price-Huish</u> reported that the BDAC recently opened five new exhibits and they are doing a collaboration with the Bountiful History Museum which is staying open late on Monday evenings. She encouraged everyone to go see the new art exhibits and check out the History Museum afterwards.

Mayor Harris reported that the South Davis Metro Fire District voted on and passed an 18.6% tax increase, with all of the increase going toward firefighter pay. The South Davis Sewer District is facing stricter regulations from the Division of Water Quality and will be proposing its own tax increase to help pay for the necessary treatment plant upgrades. The Truth in Taxation hearing will be held December 7, 2023, at 6:00 p.m.

<u>Councilmember Bell</u> reported that the local Gibbons Family music group will be putting on a Christmas Concert on December 19, at Woods Cross High School, the proceeds of which will be used to fund the Summer Concert Series. Tickets are available on the City website or at www.showtix4u.com and cost \$20 each. He encouraged everyone to go to the concert.

<u>Councilmember Bradshaw</u> reported that the South Davis Recreation District's Truth in Taxation hearing will be held November 6, 2023, at 6:00 p.m. in the community rooms on the second floor of the Recreation Center. The proposed increase will be 142%. She stated she still continues to have concerns about both the tax increase and the ongoing financial strength of the District.

CONSIDER APPROVAL OF:

A. EXPENDITURES GREATER THAN \$1,000 PAID SEPTEMBER 6 & 13, 2023

B. JULY 2023 FINANCIAL REPORT

Councilmember Higginson made a motion to approve the expenditures paid September 6 & 13, 2023, and the July financial report. Councilmember Bell seconded the motion, which passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

RECOGNITION OF MR. DAVE EDWARDS - CHIEF ED BIEHLER

Police Chief Ed Biehler recognized Mr. Dave Edwards for his 31 years of service in the Bountiful Police Department. He listed some of the many assignments that Mr. Edwards took on during his career, including patrol, detective, school resource officer, narcotics, and firearms and tactics group. He said that Mr. Edwards always worked tirelessly, even on assignments he did not particularly want. His work on the emergency preparedness and CERT program was very valuable and helped Bountiful make it through the emergencies it experienced in the past few years. He also transformed the way the officers do firearm drills, and it made a huge difference. Chief Biehler recognized Mr. Edwards for his mentorship to him and to many others at the Police Department. Chief Biehler also recognized Mrs. Pam Edwards for her amazing support of her husband.

Mr. Edwards expressed his gratitude for the recognition and also for the support he always felt from City leaders. He spoke of how lucky the police department is to have such a wonderful and caring administration. He said that the Police Department is full of wonderful people and has great

leaders who serve and lead by example. He spoke about his time working in the dispatch center and how difficult a job it is, and lauded all the dispatchers for who they are and the magnificent job they do every day. He ended by asking the Council to continue to take great care of all the officers and dispatchers.

Mrs. Pam Edwards expressed her thanks for the support the Council gives to the Police Department and said she is grateful for the time her husband spent as an officer in Bountiful. She offered special thanks to Mr. Grant Hodgson, Mr. Paul Rapp, Mr. Tom Ross, and Chief Ed Biehler, saying that the impact they've had on her family's life is unmatched. She said she is excited for the adventures to come.

Chief Biehler presented Mrs. Edwards with flowers.

Mayor Harris thanked Mr. Edwards for his dedication and the impact he had on our community and thanked Mrs. Edwards for all that she has given as well. Mayor Harris presented Mr. Edwards with a check.

CONSIDER APPROVAL OF A ROOF REPAIR AGREEMENT WITH REDLINE ROOFING TO REPAIR THE MAINTENANCE BUILDING ROOF AT BOUNTIFUL RIDGE GOLF COURSE IN THE AMOUNT OF \$36,957 – MR. BROCK HILL

Mr. Brock Hill explained that the Golf Course shop building was built in 1975 and needs major repairs due to the failure of seams, missing panels, and the existence of holes, etc. The repair has been planned for and approved of in the golf course budget and staff recommends the acceptance of the low bid from Redline Roofing.

Councilmember Bell asked if the work would be finished before winter. Mr. Brock Hill answered that it should be.

Councilmember Bell made a motion to approve the roof repair agreement and Councilmember Bahr seconded the motion. The motion passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

CONSIDER APPROVAL OF RESOLUTION 2023-14 WHICH AUTHORIZES THE STEEL SOLAR 1A PROJECT SECOND AMENDED AND RESTATED TRANSACTION SCHEDULE – MR. ALLEN JOHNSON

Mr. Allen Johnson explained that in 2020 the City Council approved a 25-year power purchase agreement for solar power from the Steel Solar 1A Project. The contract was then amended due to rising prices and supply chain issues in 2022 and reapproved by the Council. It is now necessary to amend the agreement again due to a change in how the project will be financed. The contract is still for 25 years, and the pricing has not changed, but the City did negotiate an agreement with Utah Associated Municipal Power Systems (UAMPS) to help manage excess solar power generation during the middle of the day. The City also worked out a way to do a pre-pay system to leverage the margin between private and public financing to lower prices. The final thing they negotiated for is a proposal for battery storage on site to help mitigate afternoon excess power generation. The project is anticipated to go online in mid-November.

Councilmember Bradshaw made a motion to approve Resolution 2023-14 and Councilmember Higginson seconded the motion. The motion passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

CONSIDER APPROVAL OF THE PURCHASE OF 23 TRANSFORMERS FROM ANIXTER POWER SOLUTIONS IN THE AMOUNT OF \$227,098 – MR. ALLEN JOHNSON

Mr. Johnson explained that the Power Department needs to build up its inventory of transformers, so they reached out for bids. The low bidder had a delivery time of over a year, so staff recommends accepting the bid from Anixter Power Solutions who has a 26-week delivery time. He added that Councilmember Higginson suggested accepting the low bid in addition to the high bid, so that the Power Department receives more transformers in a year's time.

Councilmember Price-Huish asked if Mr. Johnson feels that prices are starting to normalize. Mr. Johnson said prices do not seem to be dropping yet.

Mayor Harris said she loves the idea of accepting both bids and taking advantage of a lower price, as Councilmember Higginson suggested.

Councilmember Price-Huish made a motion to approve the purchase of the transformers and Councilmember Bahr seconded the motion. The motion passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

CONSIDER APPROVAL OF THE PURCHASE OF 200 LED POST-TOP FIXTURES FROM ANIXTER POWER SOLUTIONS IN THE AMOUNT OF \$71,956 – MR. ALLEN JOHNSON

Mr. Johnson explained that the Power Department is replacing older streetlights with more efficient LED lights. The LEDs use less electricity and they are dimmable, so the Power Department can control the brightness based on where they are placed. The new lights will also lower costs as they do not need as much maintenance.

Councilmember Higginson made a motion to approve the purchase of the LED street lights and Councilmember Bradshaw seconded the motion. The motion passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

CONSIDER APPROVAL OF THE QUOTE FROM SIDEWINDER IN THE AMOUNT OF \$39,790 TO REPAIR THE PINEVIEW GENERATOR – MR. ALLEN JOHNSON

Mr. Johnson explained that the Power Department had to shut down the Pineview Hydro plant this summer when it stopped working. The City put a temporary splice on a failing wire and reached out to Sidewinder for a quote. Sidewinder will replace the wire cable and clean the generator for \$39,790 and they have scheduled the repair to happen the first week of November. Mr. Johnson said Pineview will be down for four days, and he is hopeful the City can run Pineview through most of the winter.

Councilmember Price-Huish made a motion to approve the quote from Sidewinder and Councilmember Higginson seconded the motion. The motion passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

CONSIDER APPROVAL OF THE PURCHASE OF A NEW CABLE PULLER FROM HEE'S ENTERPRISES/CONDUX IN THE AMOUNT OF \$197,000 – MR. ALLEN JOHNSON

Mr. Johnson explained that the City currently owns two outdated cable pullers, but they are becoming more unreliable and harder to find parts for. The Power Department budgeted for this item and the new equipment functionality will make pulling underground cables much faster and easier. Staff recommends the purchase from Hee's Enterprises.

Councilmember Bell made a motion to approve the purchase of a new cable puller and Councilmember Bahr seconded the motion. The motion passed with Councilmembers Bahr, Bell, Bradshaw, Higginson and Price-Huish voting "aye."

Subject: August 2023 Financial Reports **Author:** Tyson Beck, Finance Director

Department: Finance **Date:** October 10, 2023

Background

These reports include summary revenue, expense, and budget information for all City funds. Both revenues and expenses, including capital outlay, have been included. These financials are presented to the City Council for review.

Analysis

Data within the reports and graphs presented provide detail of revenue, expense, and budget results for the associated period. Additional revenue and expense graphs are provided that give comparative data for FY2024 through July as compared to the past three fiscal year periods through that same timeframe.

The FY2024 budget portion of these reports is the originally adopted FY2024 budget approved by the City Council in June of 2023.

Department Review

These reports were prepared and reviewed by the Finance Department.

Significant Impacts

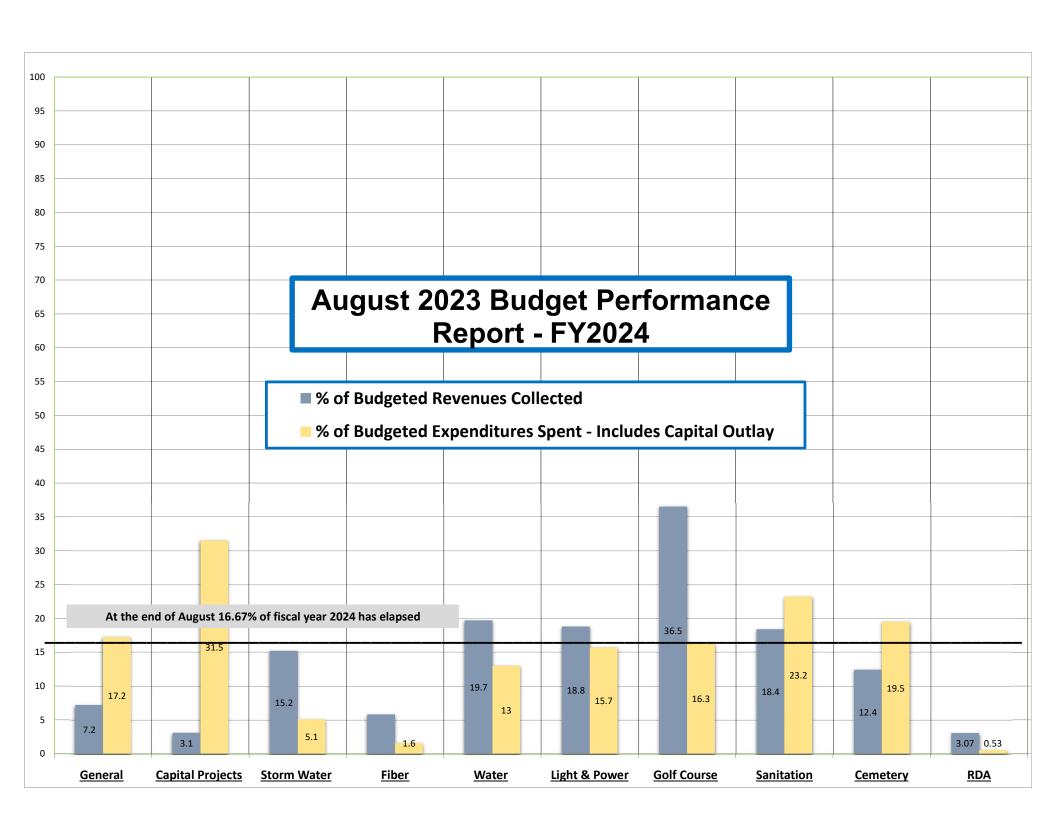

Financial information to aid in legislative and operational decision making.

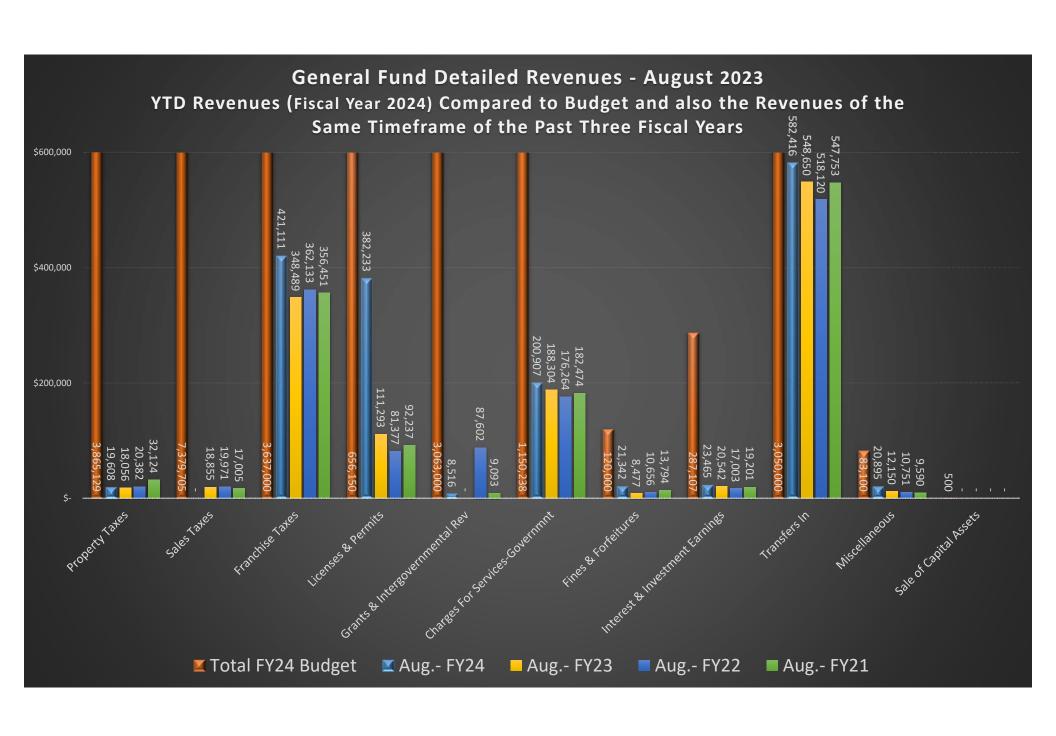

Recommendation

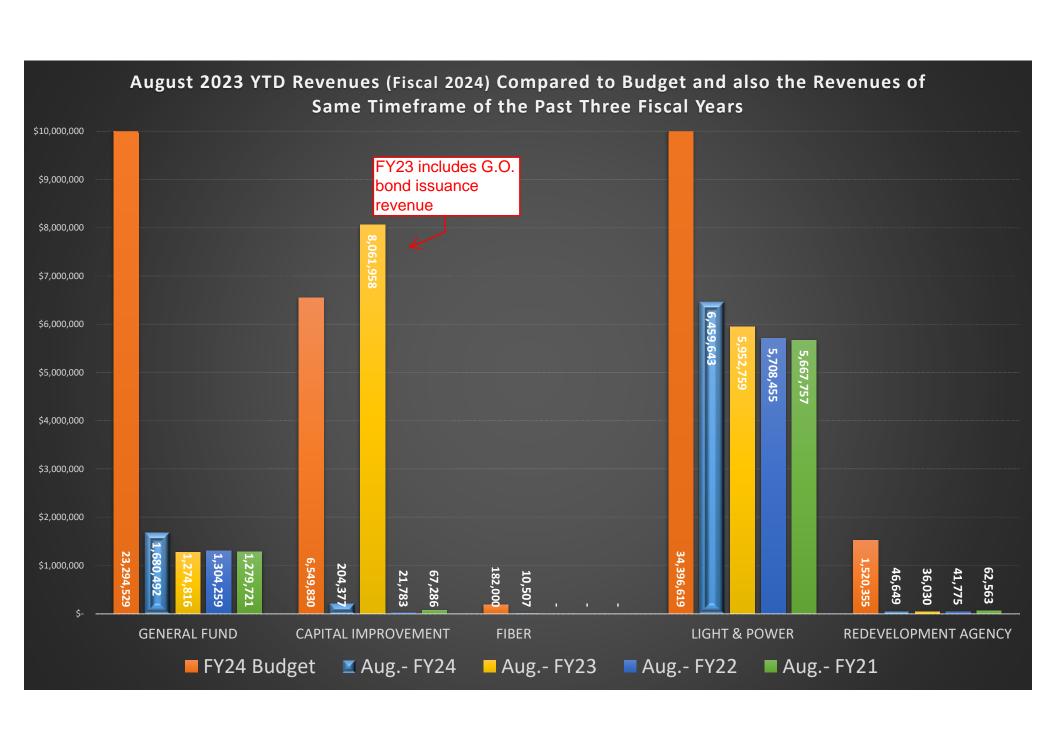

Council should review the attached revenue, expense, and budget reports.

Subject: UDOT I-15 Expansion Update

Author: Gary Hill

Department: Administration

Date: October 10, 2023

Background

The Utah Department of Transportation is studying an expansion of I-15 between Farmington and Salt Lake City. This is part of the comprehensive 2050 Regional Transportation Plan that includes over 53 projects and improvements within the study area ranging from pedestrian improvements to double-tracking FrontRunner.

The I-15 Project is in the Environmental Impact Study (EIS) phase. The Draft EIS was recently released and can be found by visiting the UDOT I-15 page at www.i15eis.udot.utah.gov.

Analysis

UDOT Representatives will attend the City Council meeting on October 10 to provide an update on the project and answer questions. With the release of the Draft EIS, UDOT is seeking public comment for a 45-day period, September 29 through November 13. There are multiple methods by which the public may participate:

- In person at one of the public meetings:
 - o October 16 Online Open House
 - o October 17 Open House and Hearing @ State Fair Park (Bonneville Building)
 - o October 18 Open House and Hearing @ South Davis Recreation Center
- Online: view the maps and use the GIS comment map, comment box on the study webpage
- Email: send an email to I15EIS@utah.gov.

Other Improvements

Traffic analysis for the I-15 EIS assumes ALL other projects in the 2050 Regional Transportation Plan (RTP), are already successfully implemented.

This plan includes over 53 planned projects and improvements for all modes within the study area; including:

Double track and electrify Frontrunner in Davis and Salt Lake Counties

Extend Legacy Parkway Trail and more than 30 other projects improving and adding new facilities for those that walk and bike

Construct future phases of West Davis Corridor and widen I-80, I-215, Redwood Rd. and Legacy Parkway

Study Purpose and Need

Improve Safety

 Improve the safety and operations of the I-15 mainline, I-15 interchanges, bicyclist and pedestrian crossings, and connected roadway network.

Better Connect Communities

- Be consistent with planned land use, growth objectives, and transportation plans.
- Support the planned FrontRunner Double Track projects and enhance access and connectivity to FrontRunner, regional transit and trails, and across I-15.

Strengthen the Economy

- · Replace aging infrastructure on I-15.
- · Enhance the economy by reducing travel delay on I-15.

Improve Mobility for All Users

 Improve mobility and operations on the I-15 mainline, I-15 interchanges, connected roadway network, transit connections, and bicyclist and pedestrian facilities to help accommodate projected travel demand in 2050.

Draft EIS Release

Subject: Loader

Author: Charles Benson Department: Landfill Date: October 10, 2023

Background

In 2015 Bountiful City Landfill leased a new John Deere 744K loader. The loaders are used to place material where it is needed and are a key piece of equipment in landfill operations. We have now reached the end of the lease with two options. Return the loader back to John Deere or choose the purchase at maturity option for \$51,276.56 and keep the loader as a backup. A new 744 loader is around \$275,000.

Analysis

Staff looked at the needs of the Landfill and this mid-sized loader fulfils the need for a reliable back-up machine. A reliable back is needed when other equipment is in for regular service and maintenance or an unexpected breakdown. This loader has been well maintained by us and we expect it to be in service for another 5 to 7 years.

Department Review

This report was reviewed by the Landfill Director, Public Works Director, and the City Manager.

Significant Impacts

The Landfill has allocated \$53,000 in the FY 24 budget for this purchase.

Recommendation

Staff recommends that the Council approve the purchase of John Deere 744 K Loader from John Deere Financial in the amount of \$51,276.57.

Subject: Vehicle Purchase
Author: Chief Biehler
Department: Police Department
Date: October 2, 2023

Background

The following is a request to approve the purchase of five police vehicles. Funding for these vehicles is included in our FY 2024 budget.

Analysis

The vehicles to be purchased are:

Two Ford F-150 trucks assigned to the patrol division. The F-150's will be purchased locally at Performance Automotive Group at the price of \$49,158 each. Performance Automotive is not a dealer on the state contract site but their price is competitive with state contract pricing.

Three Dodge Durangos assigned to the patrol division. These Dodge Durangos will be purchased from the Young Automotive Group for \$41,895 each. No other bids were attempted due to Young Automotive having this vehicle on state contract pricing and having the vehicles available to us shortly.

We have had a difficult time receiving vehicles that we've ordered for patrol for several years now. With the auto union strike that occurred we were given estimates of 2025 before some Ford vehicles would be made available to us. The City Manager gave me permission to order these vehicles once we found them to be available to us.

We will sell five vehicles in our fleet; likely the following:

2011 Ford F-150 with 112,000 miles

2013 Ford Explorer with 85,000 miles

2018 Dodge Charger with 87,000 miles

2018 Dodge Charger with 75,000 miles

2019 Dodge Charger with 85,000 miles

Department Review

The Police Department and City Manager have reviewed this staff report.

Recommendation

I respectfully request your approval to purchase police vehicles in the amount of \$224,001. Thank you for your consideration in this matter.

Significant Impacts

In order to get a vehicle build date as soon as possible we have already placed the order for the Ford F-150's and placed a hold on the Dodge Durangos.

Subject: Police Department Restroom Remodel

Author: Chief Biehler

Department: Police Department

October 3, 2023

Background

The following is a request to approve the architectural design fees for the remodel of four restrooms on the main floor of the police department. Funding for this project is included in our FY 2024 budget.

Analysis

The police building is 25+ years old. Over the last several years we have been making improvements to various parts of the building that have been failing. The current restrooms on the main floor of the building are in desperate need of a remodel. We have experienced broken pipes, leaking pipes, bad drains, broken tile, etc.

In July of 2023 we hired Galloway and Company to do a feasibility study for the entire building. Various areas in that study were identified as needing attention. Two of the employee restrooms on the main floor and the public restroom in the lobby of the building were both included in that study.

With the information gathered from Galloway and Company we asked three architecture firms to provide a bid for architecture work on this project. Those three firm names were provided to me by the City Engineer as having good reputations. Two of those firms were responsive to our request. The Galloway and Company firm responded with a bid of \$24,500 for the architecture portion of the project. Gould Plus Architectures responded with a bid of \$21,400 for the architecture portion of the project.

Department Review

The Police Department, City Engineer, and City Manager have reviewed this staff report.

Recommendation

I respectfully request your approval to enter into a contract with Gould Plus Architecture for the remodel of the Police Department restrooms for \$21,400. Thank you for your consideration in this matter.

Significant Impacts

Funding for this project was included in the FY24 budget.

- a. SD, DD, CD, Permitting, Bidding, and CA (Limited service)
- b. Refresh the fixtures and finishes to match the City Hall
- c. Evaluation of exhaust equipment Restrooms 152&153
- d. System modifications for smell remediation Restrooms 152&153
- e. Specifications (Format TBD)

3. Electrical Engineering

- a. SD, DD, CD, Permitting, Bidding, and CA (Limited service)
- b. Interior lighting systems and updated lighting control.
- c. Power distribution systems,
- d. Hardwired flush valves.
- e. Electrical fixture efficiency evaluation
- f. Specifications (Format TBD)

Professional Services Excluded, but not limited to:

- 1. Exhaustive Investigations of existing buildings and systems
- 2. Detailed Cost Estimating
- 3. Fire Flow Testing
- 4. Fire Suppression System Design
- 5. Specialty systems equipment engineering
- 6. Commissioning
- 7. Civil engineering, site utilities, site drainage, etc.
- 8. Hazardous Materials identification and removal
- 9.LEED, Energy Star, or other certifications
- 10. Low Voltage Data, Access Control & CCTV Systems
- 11. Audio Visual Systems
- 12. Security systems
- 13. Access Controls
- 14. Emergency Generator Power Systems
- 15. UPS systems
- 16. Site signage and lighting systems
- 17. Telecommunication cabling design
- 18. Special grounding system
- 19. Snow melt system
- 20. Photovoltaic system design
- 21. Addition of new panels or service upgrade
- 22. Furnishings & Equipment Design

For the above scope of work, we propose a fee of \$24,500.00. See the following fee structure using the agreed-upon cost of construction:

Re: Restroom Remodel

Chief Biehler.

We appreciate the opportunity to give you an architectural design proposal for remodeling/refreshing finishes in two pairs of restrooms in your headquarters building. Your personal tour was also very helpful in understanding what you want.

SCOPE OF WORK - Our understanding of the scope of work is:

New finishes in two pairs of restrooms. We understand that the finishes should be similar to the restrooms in Bountiful City Hall.

- We anticipate that there will be some access to existing building plans. We will confirm the dimensions and layout of existing toilet facilities.
- Demolition and replacement of all plumbing fixtures.
- Demolition and replacement of all floor finishes.
- Demolition and replacement of all wall finishes.
- Demolition and replacement of toilet partitions.
- Demolition and replacement of all restroom accessories. (Grab bars, mirrors, dispensers, etc.)
- Power for any new controls or restroom accessories needed.
- Demolition of existing lighting and design of a new softer lighting system.
- Evaluation of the restroom exhaust system in order to identify and remediate smell issues.
- Evaluation to meet updated ADA and building code requirements in the restrooms.
- Possibly shift the drinking fountains outside the restrooms in order to meet ADA door clearances into the restrooms.

PHASES OF ARCHITECTURAL DESIGN SERVICE – We anticipate that phases of our work will include:

- Preliminary Design
- Construction Documents Drawings and specifications that a general contractor can use to bid and build the remodel. Specification format may be included in the drawings or as a separate project manual.
- Permitting Work with the Building Official to obtain a building permit.
- Bidding Assistance Answering bidder questions. Issuing any addendum needed for clarification.
- Construction Administration
 - o Review product submittals by contractor to verify they meet the intent of the drawings and specifications.
 - Answer contractor questions.
 - Periodically review the contractor's work.
 - Help prepare punch lists for the contractor to complete the project.

We propose using the same engineers we have teamed with for work we've done on all the South Davis Metro Fire Stations. I'm confident that they will do a great job for us.

Olsen & Peterson Consulting Engineers – Plumbing and Mechanical Engineering

BNA Consulting - Electrical and Lighting Engineering

Professional services excluded, but not limited to:

- ADA evaluations in the rest of the facility. We don't anticipate that this will be required by the Bountiful Building Official. However, we've seen some 3rd party permit reviews require more extensive ADA and code reviews of entrances, parking, etc. This is beyond the intended scope of this restroom refresh.
- Detailed cost estimating.
- Renderings.
- Fire Suppression System Design We anticipate that the existing fire sprinkler system will remain unchanged.
- Systems Commissioning.
- Hazardous materials identification and removal.
- LEED, Energy Star, or other certifications.
- Audio/Visual systems.
- Addition of new electrical panels.
- Permit Fees.

Our fee proposal is based on the Police Department's projected budget in the range of \$250,000 to \$300,000.

Architectural Fee	\$15,000
Plumbing / Mechanical Engineering Fee	\$ 4,200
Electrical Engineering Fee	\$ 2,200
Total Design Fee	\$21,400

We anticipate that a standard American Institute of Architects B101 – Standard Form of Agreement Between Owner and Architect will be the basis for our contract to do the design work. We anticipate that the timing of the work will be as follows.

- Drawings ready for contractor bidding in 2 months after given the notice to proceed.
- Permitting and bidding may take about one month.
- A general contractor should be able to finish the project in 2 or 3 months.

We are available to begin this work immediately. I live within a mile of the station and will easily be able to confirm existing conditions and track construction progress. It would be an honor to serve my Bountiful Police Department.

Subject: Lot Line Adjustment for Lots 18 and 19 of Oak Hollow

Subdivision

Author: Lloyd Cheney, City Engineer **Department:** Engineering, Planning

Date: October 10, 2023

Background

David Ercanbrack, owner of Lot 18 and Chananat Seanguwan, owner of Lot 19, applicants, are requesting approval of a lot line adjustment to the properties located at 515 E (Lot 18) and 551 E (Lot 19) 3550 S Street. The proposed adjustment would affect the side lot line which is common to the two lots. These lots are located in the R-3 subzone which have the following minimum requirements:

- Lot Size = 11,000 sqft
- Buildable Area = 3,000 sqft
- Lot Width = 80 ft (measured at the front setback)

This item was reviewed by the Planning Commission at their meeting on October 3, 2023. The Commission voted unanimously to recommend approval by the City Council.

Analysis

The situation necessitating the request for the lot line approval is unique. It is believed that a surveying error resulted in the property corners of Lot 19 being improperly located, which resulted in the actual side yard between the home on Lot 19 and the property line to be 4 feet, which is significantly less than the minimum side yard requirement of 8 feet. Fortunately, the owners of Lot 18 have a larger side yard setback to their home and are willing to adjust the line by 3 feet to reduce the level of non-compliance on Lot 19.

<u>General:</u> Lot 18 was originally platted as a 13,248 sqft lot and was subsequently modified by a prior property transaction with the owners of Lot 15 (immediately to the North of Lot 18). With the proposed 3 ft modification of the property line common to Lots 18 and 19, the resulting lot will be 12,885 sqft in size. The resulting Lot 18A will still exceed the minimum size and width requirements for the R-3 subzone. Lot 19 was originally platted as a 13,017 sqft. Lot 19A increases the lot size to 13,378 sqft and increases the lot width by 3.0 ft at the 3550 S right of way line.

<u>Utilities:</u> No additional utilities are required. Each home is currently serviced with all necessary utilities.

<u>Easements</u>: The original subdivision plat included a 7.5 ft wide side yard utility easement on side yards of each lot. The adjustment of the property line necessitates a release of a portion of the original easement on the west line of Lot 19. The area of the easement to be released is noted on the plat.

Proposed Right of Wav Improvements and Access: No improvements are required.

Department Review

This memo has been reviewed by the City Attorney, Planning Director and the Senior Planner.

Recommendation

Staff recommends the City Council approve the lot line adjustment to Lots 18 and 19 of the Oak Hollow Subdivision to the City Council with the following conditions:

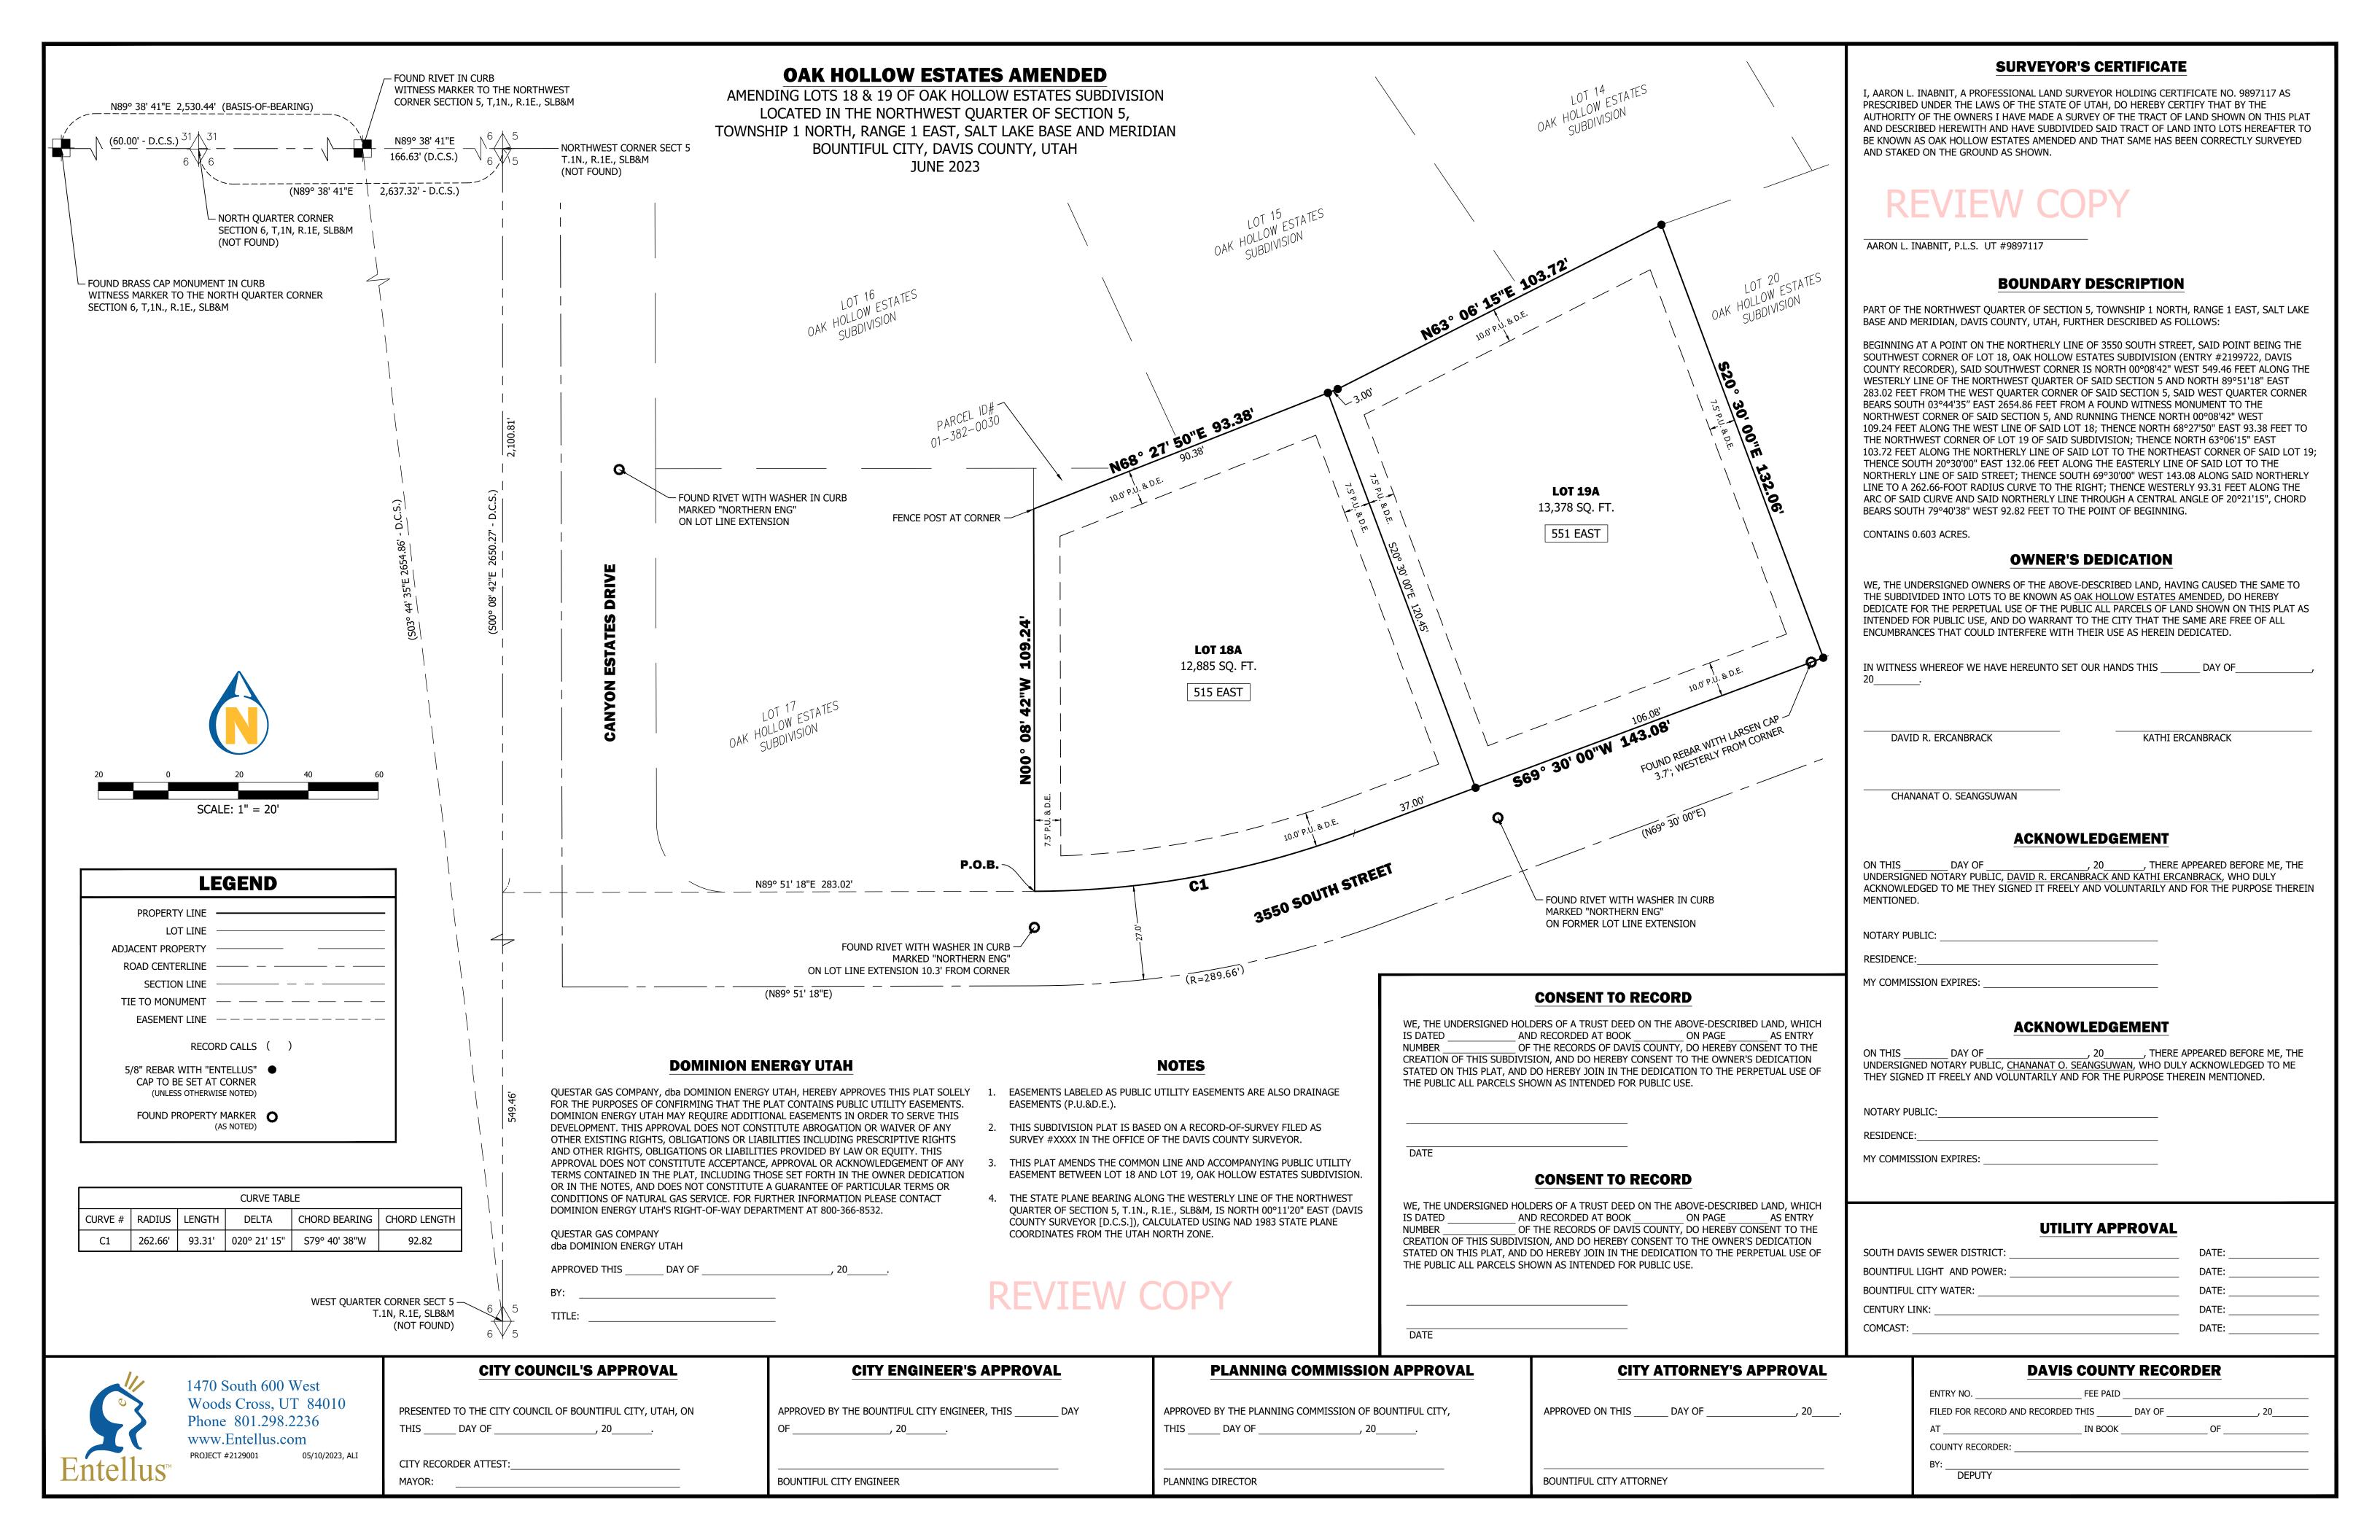

- 1. Prepare a final plat after making any minor corrections identified during the review process.
- 2. Provide a current title report for the 2 properties.

City Council Staff Report

Subject: Land Use Code Text Amendment to the C-N

(Neighborhood Commercial) Zone

Author: Amber Corbridge, Senior Planner

Department: Planning

Date: October 10, 2023

Background

The Planning Commission reviewed this Land Use Code Text Amendment on September 5, 2023, see staff report here and meeting minutes (as drafted in part of this published Planning Commission packet). Staff recommends amending the land use table, specifically for the C-N (Neighborhood Commercial) Subzone. This table includes permitted, conditional, and prohibited uses for the C-N Subzone. The goal is to include more permitted low impact commercial use for the C-N Subzone (see Exhibit A). These uses include permitting the following low-impact uses in the C-N Subzone:

(currently prohibited)

- 1. Banks and institutions
- 2. Medical/dental laboratory

(Currently conditional)

- 3. General Retail w/o Outside Storage
- 4. Medical/dental office
- 5. Personal services
- 6. Professional services
- 7. Tailor, seamstress, shoe repair
- 8. Tutoring, dance, preschool, daycare

During the October 3, 2023 Planning Commission meeting, the Commission reviewed this proposed amendment and held a public hearing. The Commission forwarded a positive recommendation with a 5-0 vote.

Analysis

The City Council will need to consider how the Land Use Code Text Amendment is necessary, is in the interest of the public, and is in harmony with the objectives and purposes of the Bountiful General Plan and Land Use Code. The purpose and object of the C-N Zone is to allow for uses which involve light vehicle traffic and/or local in nature. Areas

in the City zoned for C-N should be near or immediately adjacent to collector roads (14-6-101(C)). Currently, there are no areas in the city zoned C-N. During the September 5, 2023, Planning Commission meeting, the Commission reviewed a Zoning Map Amendment application for 1480 South Orchard Drive currently in the Single-Family (R-4) Residential Zone and forwarded a positive recommendation to the City Council. It is anticipated that the Council will review this Zoning Map Amendment during their upcoming meeting on October 10, 2023.

All uses listed in Table 14-6-103 of the C-N Subzone are as follows:

Permitted Uses:

Municipal Facility
Telecommunication Facility on City property

Conditional Uses:

Convenience Store

Dry Cleaner

Food Preparation/Bakery

Gas Station

General Retail w/o Outside Storage

It is in the best interest of the public to provide a Commercial Zone which allows for more local, low impact uses, hence the subzone title of neighborhood commercial. The proposed code text amendment would positively impact the rezone petition for the property at 1480 South Orchard Drive. The City should support C-N areas and uses which benefit the neighborhood community.

Similarly, surrounding cities with low-impact commercial zones permit the following uses:

West Bountiful

Appliance Repair, Shoe Repair, Drug Store, Small Retail, Offices, Personal Services, Parks, Convenience Stores, Learning Studios, Real Estate Offices, Computer Sales/Services, Office Machine Sales, Ceramic Business, Carpet Cleaning, and Cannabis Pharmacy

Department Review

This staff report was written by the Senior Planner and was reviewed by the City Attorney, Planning Director, and City Manager.

Significant Impacts

There aren't any impacts to amending the use table for the C-N (Neighborhood Commercial) Subzone, as there are no areas in the City currently zoned for C-N (see attached Zoning Map), and any future areas to be zoned C-N would benefit from including more low impact commercial use options.

Recommendation

Staff recommends the City Council review the proposed Land Use Code Text Amendment, hold a Public Hearing, and approve the modifications made to the Commercial Use Table listed on the proposed Ordinance (See Exhibit A).

DRAFT Ordinance No. 2023-06

An Ordinance Amending the Land Use Code of Bountiful City
Section 14-6-103 related to Permitted, Conditional, and Prohibited Uses in the Neighborhood
Commercial (C-N) Subzone.

It is the finding of the Bountiful City Council that:

- The City Council of Bountiful City is empowered to adopt and amend general laws and land use ordinances pursuant to Utah State law (§10-9a-101 et seq.) and under corresponding sections of the Bountiful City Code; and
- 2. After review and a public hearing of the proposed Land Use Code Text Amendment on September 5, 2023, and September 26, 2023, the Bountiful City Planning Commission forwarded a positive recommendation to the City Council; and
- 3. The City Council of Bountiful City finds that these amendments are necessary and are in harmony with the objectives and purposes of the Bountiful City Land Use Code and the General Plan; and
- 4. The City Council of Bountiful City reviewed the proposed Land Use Code Text Amendment on October 10, 2023, and finds that the proposed amendments are in the best interest of the health, safety, and welfare of the City and the public.

Be it ordained by the City Council of Bountiful, Utah:

SECTION 1. Section 14-6-103 Permitted, Conditional, and Prohibited Uses, Chapter 6 of the Land Use Code of Bountiful City, Title 14 of the Bountiful City Code, related to permitted, conditional, and prohibited uses of the Neighborhood Commercial subzone is hereby adopted and enacted as shown on Exhibit A, which is attached hereto and incorporated by this reference.

SECTION 2. This ordinance shall take effect immediately upon approval.

Adopted by the City Council of Bountiful, U	tah, this 10 th day of October 2023.

City Council Staff Report

Subject: Zone Map Amendment from R-4 to C-N at

1480 South Orchard Drive

Author: Amber Corbridge, Senior Planner

Department: Planning

Date: October 10, 2023

Background

The applicant, Dave Larsen, property owner of Bountiful Professional Plaza at 1480 S Orchard Drive requests a Zone Map Amendment for this property from Single Family Residential (R-4) to Neighborhood Commercial (C-N).

The applicant stated the purpose for the petition is to "keep services in the area to benefit the community, like it has been for the past 59 years." The applicant stated the property has existing characteristics of neighborhood commercial structures and uses, where the existing commercial tenants bring in low traffic and impacts to the neighborhood. The current tenants in the building include businesses such as beauty salons, dentist offices/lab, bookkeepers, consultants, insurance investors, preschool, etc. (See attached List of Uses). There are no proposed changes to the existing building or site.

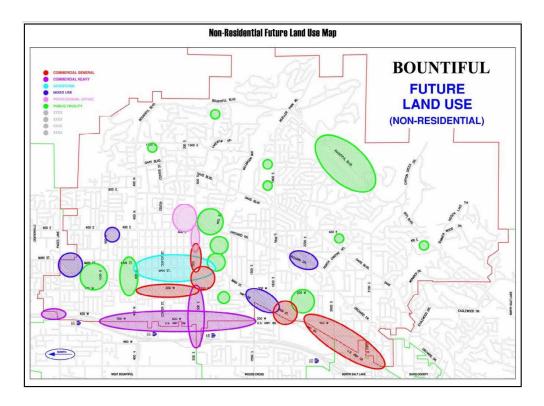

During the September 5, 2023 Planning Commission meeting, the Commission reviewed this proposed amendment and held a public hearing. The Commission forwarded a positive recommendation with a 6-0 vote.

Analysis

Previously, Bountiful City approved the Bountiful Professional Plaza construction plans (See attached plans) in the 1960's. At that time, zoning allowed for professional office uses. Since then, the property was rezoned to Single-Family Residential (R-4) which prohibits professional office uses. The applicant desires for the property to comply with the City code by rezoning to Neighborhood Commercial. Professional office-type uses are allowed in the Neighborhood Commercial zone. Additionally, rezoning the property would allow for more Neighborhood Commercial type uses in the Bountiful Professional Plaza besides the existing professional office uses.

The City Council will need to consider how the proposed zone map amendment is necessary, is in the interest of the public, and is in harmony with the objectives and purposes of the Bountiful General Plan and Land Use Code. There aren't any sites in the C-N subzone.

The Bountiful City Future Land Use Map, from 2009 Master Plan, shown below, does not show the area being non-residential in the future; however, the Planning Department recognizes the need for neighborhood commercial uses along commonly used corridors, like Orchard Drive. Staff believes neighborhood commercial zoning for this property is appropriate as it is along a main access road, located on a corner lot, and primarily surrounded by single-family properties. It appears this proposal would be in the best interest of the public and necessary in bringing the community a mix of low impact professional and personal services. The rezone would also encourage better use of the land and may promote property upgrades – making the area more desirable to live and work.

Department Review

This staff report was written by the Senior Planner and was reviewed by the Planning Director and City Manager.

Significant Impacts

There are minimal impacts to rezoning the property at 1480 South Orchard Drive to C-N (Neighborhood Commercial) as the property is already developed as a low impact commercial site, regarding utilities, parking, and the existing structure. The C-N Zone would allow for low impact commercial uses on the property and any change of use would require an Architectural and Site Plan review.

If the Zone Change Request is not approved the site would be limited to medical, professional, and business offices, e.g., dentist, doctors, lawyers, accountants, architects, etc., operating as legal non-conforming uses, and would not allow any personal care/improvement uses, e.g., beauty salons, tailors, seamstress, shoe repair, tutoring, dance, daycare, etc.

Recommendation

Staff recommends the City Council review the proposed Zoning Map Amendment and approve the property rezone at 1480 South Orchard Drive from R-4 (Single Family Residential) to C-N (Neighborhood Commercial).

Bountiful City DRAFT Ordinance No. 2023-07

An ordinance amending the Bountiful City Zoning Map changing the zoning designation of a 1.25-acre parcel from Single Family Residential (R-4) to Neighborhood Commercial (C-N) Zoning.

It is the finding of the Bountiful City Council that:

- 1. The Bountiful City Council is empowered to adopt and amend zoning maps and ordinances pursuant to Utah State law and under corresponding sections of the Bountiful City Code.
- 2. As required by Section 14-2-205 of the Bountiful City Land Use Ordinance this zone map amendment is found to be in harmony with the objectives and purposes of the Land Use Ordinance.
- 3. After a public hearing, the Bountiful City Planning Commission recommended in favor of approving this proposed zone map amendment on September 5, 2023.
- 4. The Bountiful City Council held a public hearing on this proposal on September 5, 2023 and finds that the requested zone map amendment is in harmony with the City's General Plan and in the best interests of the health safety and welfare of the City.

Now therefore, be it ordained by the City Council of Bountiful, Utah:

Section 1. The official Zoning Map of Bountiful City is hereby amended to designate the zoning for the following property as Neighborhood Commercial (C-N).

City Council Staff Report

Subject: Liquor License – Number One Thai Fusion

575 West 500 South

Author: Jonah David Hadlock, Assistant Planner

Date: October 10, 2023

Background

Thanakorn Tanapanit, the owner of Number One Thai Fusion Restaurant located at 575 West 500 South, requests a Liquor License to sell liquor inside their restaurant, located in the General Commercial (C-G) Zone. A Liquor License, in conjunction with a valid license issued by the State of Utah according to State law, entitles the licensee to sell liquor (including beer and wine) as permitted in the State license. Number One Thai Fusion has had an active business license since 2022 with the City. This applicant has not requested a Liquor License before the current application.

Analysis

The applicant and the proposed premise meet the required qualifications included in Bountiful City Municipal Code § 5-7-103. The applicable Departments have reviewed the proposed application and have not found any criminal record or other obstacle that prevents approval of the application.

Department Review

This Staff Report has been reviewed by the Planning Director, City Attorney, and City Manager.

Significant Impacts

There are no significant impacts on the community upon potential approval of this application.

Recommendation

Staff recommends approval of the requested Liquor License for Number One Thai Fusion Restaurant at 575 West 500 South, Thanakorn Tanapanit as the responsible license owner, based on the following conditions outlined in Municipal Code § 5-7-108. License Conditions:

- a) Licensed premises shall be illuminated at a minimum of 2 candlepower light measured at a level 5 feet above the floor at all times that it is occupied or open for business and no booth, blind or stall shall be maintained unless all tables, chairs and occupants, if any, therein are kept open to full view from the main floor of such licensed premises.
- b) Licensed premises selling beer on draft shall be so situated that the beer-dispensing device is not visible from the area normally occupied by customers or patrons.
- c) All licensed premises shall be subject to inspection by any police officer.
- d) All employees handling and selling liquor must be at least twenty-one years of age.
