To the Mayor, City Council and Citizens of Bountiful City,

State law requires that all local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Bountiful for the fiscal year ended June 30, 2005.

This report consists of management's representations concerning the finances of the City of Bountiful. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Bountiful has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Bountiful's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Bountiful's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Bountiful's financial statements have been audited by Jensen & Keddington, P.C., a firm of certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Bountiful, for the fiscal year ended June 30, 2005, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Bountiful's financial statements for the fiscal year ended June 30, 2005, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

#### **Profile of the government**

The City of Bountiful was incorporated December 14, 1892 under the laws of the Territory of Utah. The City is governed using a manager form of government. The City Manager is the chief administrative and budget officer of the City. The Mayor is part of a six member elected body (five City Council Members) that develops policy and enacts local laws. The Mayor and Council Members are each elected for a four year term to serve the citizens at large. The terms of office are staggered every two years (three council seats in one year and two council seats and mayor in the next election). The Council is organized into committees over the functional areas/departments of the City, typically comprised of three elected officials each. The City Manager and department directors comprise the Executive Management Team that operates the City day-to-day and recommends priorities to the Mayor and City Council.

i

The City provides the following services: public safety (police and fire), parks and recreation (parks, cemetery, pool, ice arena, recreation programs and golf), public works (engineering, planning and streets), public utilities (electricity, water, sanitation, landfill and storm water), and general government (legislative, executive, legal, administrative services).

The City limits cover an area of 14 square miles. The City's estimated population for 2005 is 43,449 with a potential for approximately 45,000 residents at build-out within four to five years.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered in the specific environment within which the City of Bountiful operates.

**Local economy.** Bountiful is located in south Davis County and serves as a center for business activity within the south Davis County area. The City is host to a large regional hospital, major retail providers, car dealerships and professional firms.

**Long-term financial planning.** Bountiful prides itself in conservative financial management and prudent financial planning. The City maintains a pay-as-you-go financing mechanism for the majority of capital facility needs but also utilizes the debt markets as market conditions become favorable and need arises. The City prepares and regularly updates its ten-year capital improvement plan to ensure that capital needs are identified and funded. Operating budgets are reviewed extensively and balanced annually with conservatively estimated revenues.

Cash management policies and practices. Cash, temporarily idle during the year, was invested in U.S. Treasury and Agency securities and high grade corporate debt in addition to certificates of deposit. Investments are made in compliance with the City's investment policy which models State law. This policy has been adopted by resolution of the City Council and certified by the Association of Public Treasurers of the United States and Canada, and the policy is updated periodically. Information regarding the types, amounts and risks of investments held is contained in note 2 of the notes to the financial statements. The investment maturities can range from one day to 3 years. The weighted average maturity of the portfolio at the end of the fiscal year was approximately 0.95 years. The average yield for the entire year was 2.40%. Yields and amounts include increases in fair value during the current year. However, increases in fair value do not necessarily represent trends that will continue or cash that will be available. It is not always possible to realize such amounts, especially in the case of temporary changes in the fair value of investments that the government intends to hold to maturity.

**Risk management.** Bountiful is self-insured for general liability and workers' compensation, and internal service funds have been established to assist with administration of these two insurance programs. Resources have been accumulated in these two funds for payment of claims. In addition, safety programs and other measures to reduce loss have been implemented. The City has insurance policies covering errors and omissions, property (buildings and contents), and excess liability.

**Pension and other post-employment benefits.** The City participates in the State of Utah Retirement Systems for all full-time permanent employees. The City also provides deferred compensation plans under IRS code sections 401(k) and 457. These plans are administered by outside managers and administrators on behalf of the City and its employees.

#### **Awards and Acknowledgments**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bountiful for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2004. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR which satisfied both GAAP and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

We appreciate all who contributed in any way toward the preparation of this comprehensive annual financial report. Their assistance has enabled us to bring together all of the data necessary to complete the report. The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the departments which comprise Administrative Services. In particular we express appreciation to Ralph T. Hill, Jr., CPA who, as Deputy City Recorder and Assistant Finance Director, played a key role in the preparation and production of this report. Recognition and thanks also go to Mark O. McRae, City Treasurer, and Alan M. West, Information Systems Manager, for their efforts and support during the audit and throughout the year.

Most importantly, we express our sincere thanks and appreciation to Mayor Joe Johnson, members of the City Council and City Manager Tom Hardy for the many hours they spend in helping to run the City organization and to maintain the quality of life enjoyed by citizens of this great community.

Sincerely,

Galen D. Rasmussen, MPA, CPA Administrative Services Director Kim J. Coleman, CPA Finance Director & City Recorder

#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of City Council City of Bountiful Bountiful, Utah

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bountiful as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Bountiful's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bountiful as of June 30, 2005, and the respective changes in financial position, and the cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund and the Major Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, as noted on the table of contents, is not a required part of the basic financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 6, 2005 on our consideration of the City of Bountiful's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City of Bountiful's basic financial statements. The introductory section, supplementary information, as listed in the table of contents and the statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information as listed in the table of contents has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

### Jensen & Keddington

October 6, 2005

As management of the City of Bountiful, we offer to readers of the City of Bountiful's financial statements this narrative overview and analysis of the financial activities of the City of Bountiful for the fiscal year ended June 30, 2005. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

### **Financial Highlights**

- The assets of the City of Bountiful exceeded its liabilities at June 30, 2005 by \$182,973,787. Of this amount, unrestricted net assets of \$64,970,920 may be used to meet the government's ongoing obligations to citizens and creditors.
- The total net assets increased by \$1,684,202 from the prior year. Of this amount \$2,722,561 was associated with governmental and (\$1,038,359) with business-type activities.
- As of the close of the current fiscal year, the City of Bountiful's governmental funds reported combined ending fund balances of \$28,003,332, an increase of \$1,795,626 in comparison with the prior year. Of this amount, \$24,920,057 is unreserved and available for spending. The remaining \$3,083,275 has been reserved due to legal restrictions involving parties outside the financial reporting entity.
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$2,125,154, or 16.94% of total General Fund expenditures.
- The City of Bountiful's bonded debt obligations decreased by the net amount of \$521,000. The decrease was attributable to principal payments on the existing Municipal Building Authority Lease Revenue Bonds in the amount of \$373,000 and Special Assessment Bonds in the amount of \$148,000.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City of Bountiful's basic financial statements which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** These statements are designed to provide readers with a broad overview of the City of Bountiful's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Bountiful include general government, public safety, highways and streets, planning and

engineering, parks, and redevelopment. The business-type activities of the City include water, light and power, landfill, storm water, golf course, recreation, sanitation and cemetery.

The government-wide financial statements include not only the City of Bountiful itself (known as the primary government), but also a legally separate Redevelopment Agency and a Municipal Building Authority which are both component units of the City. Financial information for these component units is reported entirely within the primary government report. A separate set of financial statements is also prepared for the Redevelopment Agency.

**Fund financial statements.** A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Bountiful can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is more narrow than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between the two.

The City maintains seven individual governmental funds. Information is presented separately in the governmental funds balance sheet and governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Projects Fund and Redevelopment Agency Fund, which are considered major funds. Data from the other four funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Bountiful adopts a one-year budget for its General Fund, Capital Projects Fund and Redevelopment Agency Fund. A budgetary comparison statement has been provided for each of the aforementioned funds to demonstrate compliance with the fiscal year 2005 budget.

**Proprietary funds.** The City of Bountiful maintains two different types of proprietary funds, namely enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City maintains eight individual enterprise funds. Information is presented separately in the proprietary statement of net assets and the proprietary statement of revenues, expenses and changes in fund net assets for the Water Fund, Light and Power Fund and the Landfill Fund, which are considered major funds. Data from the other five funds are combined into a single aggregated presentation. Individual fund data for each of these non-major proprietary funds is provided in the form of combining statements elsewhere in this report. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City of Bountiful uses internal service funds to account for its workers compensation and risk management activities. Because these services benefit both governmental and business-type functions, they have been allocated to both governmental activities and business-type activities in the government-wide financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in the report.

**Fiduciary funds.** These funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain other supplementary information. The combining statements referred to earlier in connection with non-major funds and internal service funds are presented immediately after the basic financial statements. Also included are budget comparisons for governmental funds other than the General and Redevelopment Agency.

### **Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. At June 30, 2005, the City's assets exceeded liabilities by \$182,973,787. By far the largest portion of the City's net assets (62.70%) reflects its investment in capital assets, less any related debt, which is still outstanding, used to acquire those assets. Capital assets are used to provide services to citizens and they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the net assets, \$3,284,509 (1.79%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$64,970,920 (35.51%), may be used to meet the government's ongoing obligations to citizens and creditors.

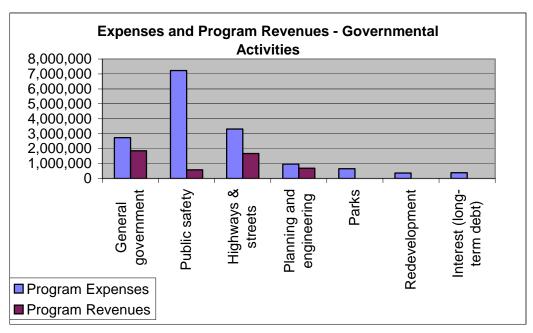

At the end of the current fiscal year the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

**Governmental activities.** Governmental activities increased the City's net assets by \$2,722,561. When combined with the \$1,038,359 decrease in net assets from business-type activities, overall net assets increased by \$1,684,202 or 0.93%. The graphs presented below reflect regular operating revenues only and not the effects of special one-time items or transfers.

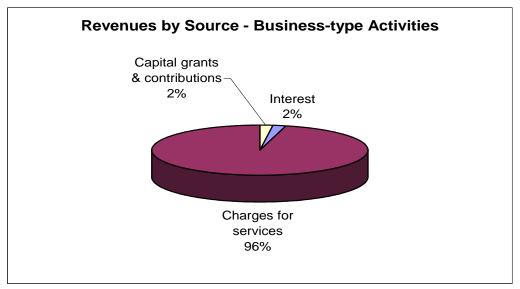

Increases in governmental net assets are primarily the result of transfers from the City's enterprise funds.

**Business-type activities.** Business-type activities decreased the City's net assets by \$1,038,359. When combined with the \$2,722,561 that governmental activities added to net assets, overall net assets increased by \$1,684,202. The graphs presented below, contain regular operating revenues only and not the effects of special one-time items or transfers.

Decrease in business-type net assets are primarily the result of transfers to the City's governmental funds.

#### Financial Analysis of the Government's Funds

As noted earlier, the City of Bountiful uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The purpose of these funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2005, the City's governmental funds reported combined ending fund balances of \$28,003,332 an increase of \$1,795,626 in comparison to the prior year. Of this amount, \$24,920,057 (88.99%) is unreserved fund balance, which is available for spending at the government's discretion. Of the unreserved fund balance, \$22,831,427 has been designated by the City Council for subsequent years' capital expenditures and other uses, leaving an unreserved undesignated amount of \$2,088,630. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed to 1) contracted construction \$254,804, 2) future landfill closure costs \$666,698, 3) perpetual care of the City's cemetery \$1,047,381 and 4) debt service \$1,114,392.

The General Fund is the City's chief operating fund. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$2,125,154, which comprises the total fund balance. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved (and total) fund balance represents 16.94% of total General Fund expenditures. The fund balance of the City's General Fund increased by \$41,506 during the current fiscal year. Contributing to this increase was a \$74,269 (0.71%) increase in General Fund revenues, with a \$198,765 (1.61%) increase in expenditures, resulting in an overall net deficiency of \$1,960,773. A total of \$2,150,520 was transferred in from the Light and Power Fund to cover operating costs, \$99,295 was received from the sale of fixed assets, and \$247,536 was transferred out to the Recreation Fund to cover operating costs of that fund.

The Redevelopment Agency Fund has a total fund balance of \$4,473,103, all of which is unreserved but designated. The Capital Projects Fund has a total fund balance of \$18,618,719, of which \$18,321,800 is unreserved and designated, with the remaining \$296,919 being classified as reserved for debt service.

**Proprietary funds.** These funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the Water, Light and Power, and Landfill funds at the end of the year were \$9,843,106, \$12,513,432 and \$6,680,122 respectively. The total increase (decrease) in total net assets was \$217,953, (\$1,214,670) and \$141,939 for those same funds, respectively, after the effect of any special items. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

#### **General Fund Budgetary Highlights**

The final General Fund budget was greater than the original budget by \$25,000, due to additional personnel costs of \$15,000 in the Police department, and \$10,000 in the Treasury department related to personnel costs and other operations and maintenance expenditures.

#### **Capital Asset and Debt Administration**

Capital assets. The City's investment in capital assets for its governmental and business-type activities at June 30, 2005 amounts to \$123,184,929 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, service lines, vehicles and equipment, furniture and fixtures, street lights, sidewalks, curb and gutter, roads and similar infrastructure. The total decrease in the City's investment in capital assets for the current fiscal year was \$1,560,027 (an 0.38% increase equaling \$298,886 for governmental activities and a 4.10% decrease equaling \$1,858,913 for business-type activities). Major capital asset events during the current fiscal year included the following:

- \$9,736,594 in capital asset additions from governmental activities is primarily due to completion of the parking structure and site improvements at the Renaissance Towne Centre, fire station #1, and the road reconstruction project on 1800 south.
- \$8,429,113 in capital asset deletions from governmental activities is due to reductions in last year's construction in process as a result of the above project completions and an increase in accumulated depreciation of \$1,008,595.
- Capital assets increased only \$908,376 from all business-type activities, but accumulated depreciation from business-type activities increased by \$2,767,289.

| Total   | \$<br>9,147,000              | \$      | 8,626,000                 | \$ | -           | \$       | _     | \$    | 9,147,000              | \$ | 8,626,000                 |  |  |

The City's total bonded debt decreased by \$521,000 during the current fiscal year, attributable to scheduled repayment of the debt. Additional information on the City's long-term debt can be found in note 9 on pages 41 to 43 of this report.

### **Economic Factors and Next Year's Budgets and Rates**

The City reviews national and regional economic forecasts and also performs its own management analysis as a component in the process of developing the one-year operating and capital budgets of the City. The assumptions in the analysis are reviewed with the City Council as background for decisions about revenue projections and cost allocations. Semi-monthly and monthly reports are transmitted to the City Council and provide both budget and actual information for tracking the financial activities of the City during the year.

After several years of sustained economic growth in Bountiful and the surrounding regions, a leveling in key indicators has been apparent over the last three to four years. Budgets for fiscal year 2006 were developed based upon the following assumptions.

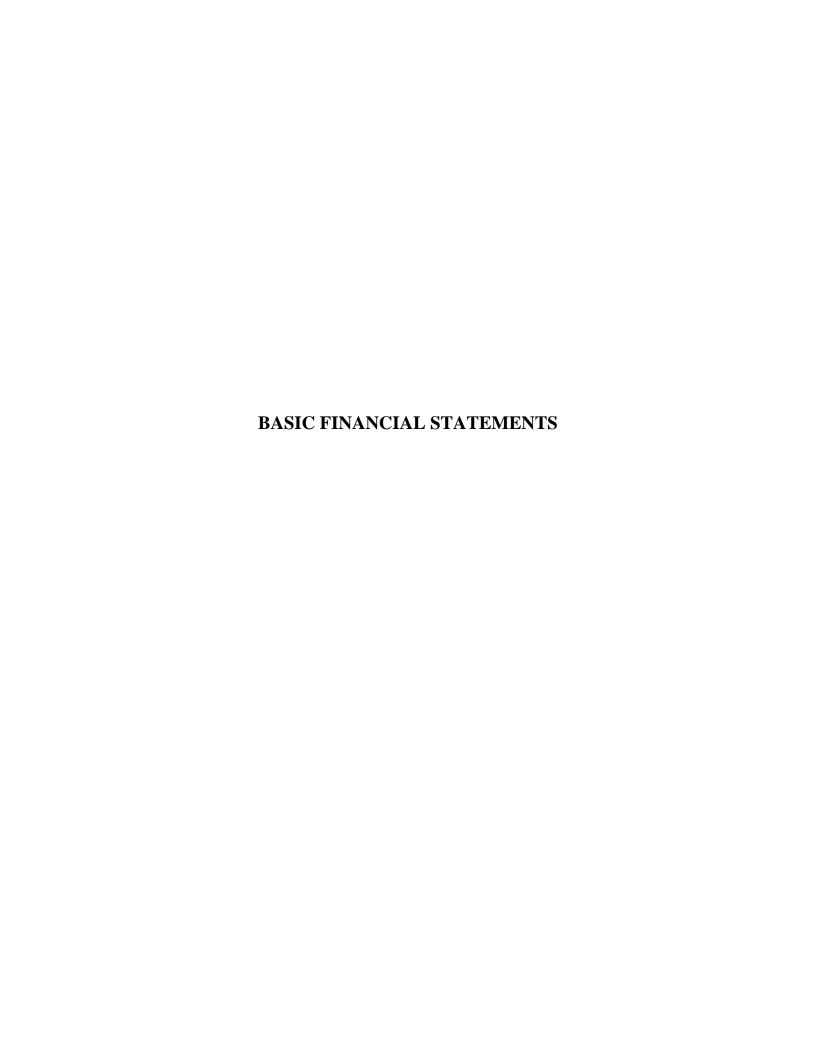

- The overall economic forecast assumed that the remainder of fiscal year 2005, and most of fiscal year 2006, would exhibit some uncertainty, rebuilding and softness in the national, regional and local economies. Indicators, including housing starts and commercial construction, were projected to be nearly flat along with retail sales and personal income.
- **Development activity** in fiscal year 2005 proved to be modest as measured in value and permit fees. Development activity in Bountiful during fiscal year 2006 was again projected to continue a general leveling trend with movement toward a "maintenance mode" of existing services for the city. Focus for future years continues to be placed on existing developments such as the Renaissance Towne Centre, the former J C Penney property and the traditional main street areas of the city.
- Taxable sales, which are shared by the State of Utah with cities, were projected to remain nearly flat due to overall economic factors. However, the City is watching the developments in national legislation geared toward a "Streamlined Sales Tax" that is targeted to provide uniform rates and collection methods by states and localities. This legislation should allow Bountiful, and other taxing entities, to capture uncollected sales tax monies from Internet, catalog and other remote vendors not collected under the current tax system.
- Cost indicators for Bountiful were assumed within the forecast to include modest increases in operating costs for personnel services, energy and general goods and services used by City departments. Energy costs and health care costs have continued as "watch areas" for City budget development, and are assumed to increase at a much higher rate than the general level of inflation due to national trends. The City projected that increases in energy and health care costs would be primarily offset by aggressive cost containment in all departments. Health care rate increases of 20 percent were common in many industries, but Bountiful was able to hold them to approximately 10 percent.

- Enterprise fund rates and activity in the fiscal year 2006 budget included a 6 percent increase in power rates to compensate for increasing resource and service delivery costs.
- Regional cooperation initiatives. A regional South Davis Recreation District (District) was formed in June 2004. The District will serve the citizens of Bountiful as well as surrounding communities. A new recreation complex is under construction, with completion scheduled for the final quarter of calendar year 2006. The complex is located in Bountiful City near the site of the existing City-owned recreation center. Funding for the District will be provided by citizens of Bountiful and the surrounding communities.

The South Davis Metro Fire Agency (Agency) was formed in October 2004. This Agency provides fire and emergency medical services to the citizens of Bountiful and several surrounding communities. Bountiful's fire department personnel were terminated by the City as of December 31, 2004, and became employees of the Agency. The Agency has full access to, and use of, the former City fire department's assets. However, the City will retain ownership of those assets until the Agency receives its taxing authority status. Until that time, each municipality participating in the Agency will share proportionately in the Agency's operating expenses.

#### **Requests for Information**

This financial report is designed to provide a general overview of the City of Bountiful's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Administrative Services Director or the Finance Director, City of Bountiful, 790 South 100 East, P.O. Box 369, Bountiful, Utah 84011-0369.

### **CITY OF BOUNTIFUL**

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

### For The Year Ended June 30, 2005

Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances - total governmental funds   | \$<br>1,795,626 |
|--|-----------------|
| Governmental funds have reported capital outlays, past and present, as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. | (2,087,997)     |
| Governmental funds report current capital outlays as expenditures. However, these expenditures are reported as capital assets in the statement of net assets.  | 2,711,073       |
| Repayment of bond principal is an expenditure in the funds, but the repayment reduces long-term liabilities in the statement of net assets.  | 521,000         |
| In the statement of activities, amortization of premiums and costs of issuing of debt is recorded.   | (10,380)        |
| In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expense is reported when due.   | 475             |
| The effect of the sale and disposal of capital assets.   | (324,190)       |
| The long term portion of accrued leave does not require the use of current financial resources and therefore is not recorded as an expenditure in the Governmental Funds.  | (199,497)       |
| The net revenue of certain activities of internal service funds is reported within the governmental activities.  | (167,342)       |
| Proceeds from repayment of RDA notes receivable are recorded as revenue in the Governmental Funds. However, the repayment is recorded as a reduction of the loan in the statement of net assets.   | (156,207)       |
| Amounts loaned by the RDA are recorded as expenditures in the Governmental Funds. However, the loan is recorded as an asset for the statement of net assets.   | 640,000         |
| Change in net assets of governmental activities  | \$<br>2,722,561 |

## CITY OF BOUNTIFUL NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Bountiful (the City) was incorporated under the laws of the Territory of Utah in 1892 and operates under a manager form of government and provides services as authorized by its charter.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the City has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the City has chosen not to do so. The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The more significant accounting policies established in GAAP and used by the City are discussed below.

#### (A) The Reporting Entity

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in the related GASB Statement No. 14, "The Financial Reporting Entity". The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability of fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the City is able to exercise oversight responsibilities.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations.

#### **Blended Component Units**

The Bountiful City Redevelopment Agency (RDA) serves all the citizens of the City and is governed by a board comprised of the members of the City Council. In conformity with accounting principles generally accepted in the United States of America, the financial statements of the RDA have been included in the financial reporting entity as a blended component unit. Separate RDA reports can be obtained at 790 South 100 East, Bountiful, Utah 84010.

The Bountiful City Municipal Building Authority (MBA) was created to design, construct and finance the cost of new buildings. The MBA is governed by a board comprised of the members of the City Council. In conformity with accounting principles generally accepted in the United States of America, the financial statements of the MBA have been included in the financial reporting entity as a blended component unit.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (B) Government-Wide and Fund Financial Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general governmental services, public safety, highways and streets, planning and engineering, parks, and redevelopment are classified as governmental activities. The City's water, light and power, landfill, storm water, golf course, recreation, sanitation, and cemetery services are classified as business-type activities.

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those which are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### (C) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they became available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial resources used to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as an other financing source. Amounts paid to reduce long-term debt of the City are reported as a reduction of the related liability, rather than expenditures in the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt-service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(C) Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Sales taxes, franchise taxes, and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenues when they become available. Available means when due, or past due, and received within the current period or collected soon enough thereafter (generally within 60 days) to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when cash is received by the City.

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues, and expenditures or expenses as appropriate.

The City reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Projects Fund accounts for the financial resources to be used for the acquisition or construction of the major capital facilities of the government (other than those financed by Proprietary Funds and Special Revenue Funds).

Special revenue funds account for resources legally restricted to expenditures for specified current operating purposes and for the enforcement of special services and activities. Accounting and financial reporting for General and special revenue funds are identical. The City accounts for the Bountiful City Redevelopment Agency as a special revenue fund.

The City reports the following major proprietary funds:

The Water Fund accounts for the activities of the City's water distribution system.

The Light and Power Fund accounts for the activities of the City's electric power distribution system.

The Landfill Fund accounts for the activities of the City's landfill.

Additionally, the City reports the following fund types:

The Debt Service Fund is used to account for resources that will be used to service general long-term debt.

Special revenue funds account for resources legally restricted to expenditures for specified current operating purposes and for the enforcement of special services and activities. Accounting and financial reporting for General and special revenue funds are identical. The City accounts for the Municipal Building Authority and the Landfill Closure Fund in special revenue funds.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (C) Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting city's programs. The City accounts for the Cemetery Perpetual Care Fund in a permanent fund.

Internal service funds are used to account for the central financing of goods or services provided by an internal service fund to various departments of the City on a cost-reimbursement basis. The City currently has two internal service funds. The Workers' Compensation Self-Insurance Fund and the Governmental Immunity Fund account for the City's self-insurance program.

Storm Water and Sanitation Funds account for the provision of these services to the residents of the City. These funds are accounted for as enterprise funds.

Golf Course and Recreation Funds account for the provision of recreation services and facilities for the residents of the City and surrounding area. These funds are accounted for as enterprise funds.

Cemetery Fund accounts for the provision of cemetery services. This fund is accounted for as an enterprise fund.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments to the General Fund by various enterprise funds for providing administrative and billing services for such funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the City's internal service funds are charges to customers to the system. Operating expenses for enterprise funds and the internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

The City records utility revenues billed to its customers when meters are read on a monthly basis. Unbilled service accounts receivable have been estimated at June 30, 2005, and are recorded as revenue.

Inventories of materials used in the construction and repair of the transmission, distribution, and collection systems are valued at the lower of cost or market on a weighted average basis. Supplies inventories, consisting principally of fuel oil, are valued at the lower of cost or market on a first-in, first-out basis.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (C) Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, curb and gutter, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$10,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

Upon retirement or disposition of capital assets, the cost and related accumulated depreciation are removed from the respective accounts. Depreciation of fixed assets is computed using the straight-line method over their estimated useful lives as follows:

|  | <u>Y ears</u> |
|--|---------------|
| Buildings, wells and reservoirs                    | 20-33         |
| Improvements other than buildings                  | 20            |
| Transmission, distribution, and collection systems | 15-50         |
| Machinery and equipment                            | 3-50          |
| Furniture and fixtures                             | 3-20          |
| Infrastructure                                     | 50            |

The City has estimated the historical cost of certain assets, namely the storm water system of the Storm Water Utility Fund, the water mains of the Water Fund, and the transmission and distribution systems and a portion of the plant machinery and equipment of the Light and Power Fund. The City estimated the historical cost of these systems using data obtained from an inventory of the systems, combined with known costs and estimated replacement costs deflated using the Consumer Price Index. The portion of the storm water system cost which was estimated amounted to approximately \$13.4 million. The total estimated historical cost for water mains was approximately \$11.48 million. With respect to the Light and Power Fund, the estimated historical cost of the transmission and distribution system and the plant machinery and equipment was approximately \$32 million and \$7 million, respectively.

#### (D) Budgets

Annual budgets are prepared and adopted by ordinance by total for each department, in accordance with State law, by the Mayor and City Council on or before June 22 for the following fiscal year, beginning July 1. Estimated revenues and appropriations may be increased or decreased by resolution of the City Council at any time during the year. A public hearing must be held prior to any proposed increase in a fund's appropriations.

Budgets include activities in several different funds, including the General Fund, special revenue funds, Debt Service Fund, and proprietary funds. Annual budgets are also adopted for capital projects which may include activities which overlap several fiscal years. The level of the City's budgetary control (that is, the level at which the City's expenditures cannot legally exceed the appropriated amounts) is established at the department level. Each department head is responsible to the Mayor and City Council for operating within the budget for their department. All annual budgets lapse at fiscal year end.

Utah State law prohibits the appropriation of unreserved General Fund balance until it exceeds 5% of the General Fund revenues. Until the unreserved fund balance is greater than the above amount, it cannot be budgeted, but is used to provide working capital until tax revenue is received, to meet emergency expenditures, and to cover unanticipated deficits. When an unreserved fund balance is

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (D) Budgets (Continued)

greater than 18% of the next year's budgeted revenues, the excess must be appropriated within the following two years.

The City Council can amend the budget to any extent, provided the amended budget does not exceed the original budgeted expenditures/expenses, in which case a public hearing must be held. With the consent of the city manager, department heads may reallocate unexpended appropriated balances from one expenditure account to another within that department during the budget year.

Budgets for the General Fund, special revenue funds, Debt Service Fund, permanent fund and Capital Projects Fund are prepared on the modified accrual basis of accounting. Encumbrance accounting is not used by the City.

Expenditures in the Capital Projects Fund are budgeted annually on a project-by-project basis. Although it is the intention of the City that each project be funded by a specific revenue source, the adopted budget reflects only total anticipated revenues by source. Since it is neither practicable, nor appropriate to separate revenues and fund balance on a project-by-project basis, the Capital Projects Fund is reported as an individual fund in the accompanying financial statements.

#### (E) Taxes

On or before June 22 of each year, the City sets the property tax rate for various municipal purposes. If the City intends to increase property tax revenues above the tax rate of the previous year, state law requires the City to provide public notice to property owners and hold public hearings. When these special public hearings are necessary, the adoption of the final budget is made subsequent to June 22. All property taxes levied by the City are assessed and collected by Davis County. Taxes are attached as an enforceable lien as of January 1, are levied as of October 1, and are due November 30; any delinquent taxes are subject to a penalty. Unless the delinquent taxes and penalties are paid before January 15, a lien is attached to the property, and the amount of taxes and penalties bears interest from January 1 until paid. If after five years, delinquent taxes have not been paid, the County sells the property at a tax sale. Tax collections are remitted to the City from the County on a monthly basis.

Sales taxes are collected by the Utah State Tax Commission and remitted to the City monthly.

Franchise taxes are collected by natural gas, electric utilities, and cable television companies and remitted to the City periodically.

#### (F) Cash and cash equivalents

The City considers all cash and investments with original maturities of three months or less to be cash and cash equivalents. For the purpose of the statement of cash flows, cash and cash equivalents are defined as the cash and cash equivalent accounts and the restricted cash and cash equivalents accounts.

#### (G) Long-Term Obligations

In the government-wide financial statements and proprietary fund types, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the applicable debt.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (G) Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### (H) Compensated absences

Accumulated unpaid vacation is accrued as incurred based on the years of service for each employee. Vacation is accumulated on a bi-weekly basis and is fully vested when earned. Accumulated vacation cannot exceed 240 hours at the end of any calendar year and any vacation in excess of this amount is forfeited. At retirement, death, or termination, all unpaid accrued vacation, up to 240 hours, is paid to the employee or his or her beneficiary. Accumulated sick leave is earned at a rate of eight hours per month. Sick pay amounts are charged to expenditures when incurred. Employees may accumulate sick leave without limitation. Accumulated sick leave paid to employees upon retirement is limited to 20% of accumulated hours or 288 hours, whichever is less. The amount of accumulated leave is accrued when incurred in the government-wide, proprietary fund financial statements. Employees that are terminated for reasons other than retirement are not paid for accumulated sick leave. A liability for these amounts is reported in governmental funds only if they have matured.

#### (I) Fund equity

In the fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. Contributed capital represents equity acquired through capital grants and capital contributions from developers, customers or other funds.

#### (J) Interfund transactions

During the course of normal operations, the City has transactions between funds to subsidize operations in certain enterprise funds, to construct assets, to distribute grant proceeds, etc. These transactions are generally reflected as operating transfers, which are transfers from a fund authorized to receive certain revenues to the fund through which the resources are to be expended.

#### (K) Estimates and assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

#### NOTE 2 CASH AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Cash includes amounts in demand deposits including the portion of the Utah State Treasurer's involvement pool that is considered as a demand deposit. Investments are stated at fair value. Each fund's portion of this pool is displayed on the combined balance sheet as "cash and cash equivalents" and "investments" which also includes cash accounts that are separately held by several of the City's funds.

#### NOTE 2 CASH AND INVESTMENTS (Continued)

**Investment policy** – The City's investment policies are governed by Utah State statutes. City funds are invested only in the following: (1) negotiable or nonnegotiable deposits of qualified depositories (See definition of qualified depository under "Deposits" below); (2) repurchase agreements with qualified depositories or primary reporting dealers, acting as principal for securities of the United States Treasury or other authorized investments, only if these securities are delivered to the custody of the City Treasurer or the City's safekeeping bank or are conducted with a qualified depository; (3) commercial paper which is rated P-1 by Moody's Investor Services or A-1 by Standard and Poor's, Inc., having a remaining term to maturity of 270 days or less; (4) bankers' acceptances that are eligible for discount at a federal reserve bank and which have a remaining term to maturity of 270 days or less; (5) negotiable interest bearing deposits of \$100,000 or more which have a remaining term to maturity of 365 days or less; (6) obligations of the United States Treasury including United States Treasury Bills, United States Treasury Notes, and United States Treasury Bonds; (7) obligations issued or fully guaranteed as to principal and interest by the following agencies or instrumentalities of the United States in which a market is made by a primary reporting government securities dealer: Federal Home Loan Bank, Federal Farm Credit Bank, Federal National Mortgage Association, Federal Agricultural Mortgage Corporation, Federal Home Loan Mortgage Corporation, Tennessee Valley Authority, or Student Loan Marketing Association; (8) the Utah State Treasurer's Investment Fund; and (9) fixed and variable rate corporate obligations that meet criteria under the Utah Money Management Act.

The City did not enter into any reverse repurchase agreements during the year.

**Deposits** – Utah State law requires that City funds be deposited with a "qualified depository" as defined by the Utah Money Management Act. "Qualified depository" includes any depository institution which has been certified by the Utah State Commissioner of Financial Institutions as having met the requirements as defined in Rule 11 of the Utah Money Management Act. Rule 11 establishes the formula for determining the amount of public funds which a qualified depository may hold in order to minimize risk of loss and defines capital requirements which an institution must maintain to be eligible to accept public funds.

**Investments** – The City Treasurer takes physical delivery of securities or may use a qualified depository bank for safekeeping securities or maintain an account with a money center bank for the purpose of settling investment transactions, safekeeping and collecting those investments. Repurchase agreements with qualified depositories are supported by a safekeeping receipt issued by a qualified depository; otherwise, the securities are in the custody of the City Treasurer or the City's safekeeping bank or trust company. Investments in the State Treasurer's Investment Pool are supported by deposit receipts issued by the State Treasurer's Office.

#### NOTE 2 CASH AND INVESTMENTS (Continued)

#### **Investments** (Continued)

As of June 30, 2005, the City had the following deposits and investments:

|                                     | Carrying         |                  | Credit     | Weighted Average     |
|-------------------------------------|------------------|------------------|------------|----------------------|
| Cash on hand and on deposit:        | Amount           | Fair Value       | Rating (1) | Maturity (Years) (2) |
| Cash on hand                        | \$<br>3,855      | \$<br>3,855      | N/A        | N/A                  |

| Total Investments                   | \$<br>30,065,817 | \$<br>29,894,135 |            |                      |
| Portfolio weighted average maturity |                  |                  |            | 0.95                 |

- (1) Ratings are provided where applicable to indicate associated Credit Risk. N/A indicates not applicable.
- (2) Interest Rate Risk is estimated using the weighted average days to maturity.

The City's cash and cash equivalents and investments are exposed to certain risks as outlined below:

*Interest rate risk* is the risk that changes in the interest rates will adversely affect the fair value of an investment. The City manages its exposure to declines in fair value by investing in short term investments. The City's weighted average maturity for investments is less than one year. The City does not make investments with maturity dates longer than planned expenditures.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City follows the State statutes for investments and only invests in investments that are rated A, AA or AAA by Standard & Poor's or comparable ratings from other investor services, such as Moody's. The City also invests in the Utah Public Treasurer's Investment Fund and other bank certificates of deposit. As of June 30, 2005, the Utah Public Treasurer's Investment Fund was unrated.

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investments are in the Utah Public Treasurer's Investment Fund, U.S. Treasuries, and qualified financial institutions. The City's investments have no concentration of credit risk.

Custodial credit risk – deposits is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of June 30, 2005, \$1,065,552 of the City's \$1,248,847 balance of deposits was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial credit risk – investments is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. As of June 30, 2005, \$5,681,099 of the City's \$54,648,841 in investments was exposed to custodial credit risk because it was uninsured and uncollateralized.

#### NOTE 2 CASH AND INVESTMENTS (Continued)

#### **Investments** (Continued)

Cash and investments are included in the accompanying combined statement of net assets as follows:

| Cash and cash equivalents and investments            | \$<br>51,447,983 |
|--|------------------|
| Restricted cash and cash equivalents and investments | 4,262,227        |
|  | <br>             |
| Total cash and investments                           | \$<br>55,710,210 |

#### NOTE 3 ALLOWANCE FOR DOUBTFUL ACCOUNTS

The allowance for doubtful accounts receivable at June 30, 2005 for all funds is \$90,000.

#### NOTE 4 RESTRICTED ASSETS

Certain assets are restricted to use as follows as of June 30, 2005:

| Restricted for insurance deposit                        | \$<br>453,014   |
|---|-----------------|
| Restricted for employee flex plan                       | 8,743           |
| Restricted for funds received from other municipalities |                 |
| and held in trust for closure of the sanitary landfill  | 666,698         |
| Restricted for landfill closure, post-closure           |                 |
| and corrective actions                                  | 848,981         |
| Restricted for bond payments                            | 1,111,749       |
| Restricted revenue for future construction              | 128,737         |
| Restricted for cemetery perpetual care                  | 1,044,305       |
|   | _               |
| Total   | \$<br>4,262,227 |

#### NOTE 5 REAL ESTATE INVENTORY HELD FOR RESALE

Real estate inventory held for resale in the enterprise funds represents cemetery plots held for sale by the Cemetery Fund. Real estate inventory in the special revenue fund represents land purchased and held for resale by the Redevelopment Agency.

#### NOTE 6 CAPITAL ASSETS

A summary of changes in capital assets for the year ended June 30, 2005, is as follows:

|   | Balance<br>July 1, 2004 | Additions     | Deletions    | Balance<br>June 30, 2005 |
|---|-------------------------|---------------|--------------|--------------------------|
| Governmental activities:                    |                         |               |              | ,                        |
| Capital assets, not being depreciated:      |                         |               |              |                          |
| Land  | \$ 45,993,863           | \$ 189,356    | \$ -         | \$ 46,183,219            |
| Construction in progress                    | 8,449,480               | 111,546       | 8,429,113    | 131,913                  |
| Total capital assets, not being             |                         |               |              |                          |
| depreciated                                 | 54,443,343              | 300,902       | 8,429,113    | 46,315,132               |
| Capital assets, being depreciated:          |                         |               |              |                          |
| Infrastructure                              | 25,898,739              | 1,192,618     | 216,297      | 26,875,060               |
| Buildings                                   | 13,680,189              | 8,004,159     | 537,172      | 21,147,176               |
| Improvements other than buildings           | 3,576,724               | 983,475       | 65,822       | 4,494,377                |
| Machinery and equipment                     | 7,134,583               | 532,567       | 583,651      | 7,083,499                |
| Furniture and fixtures                      | 1,471,946               | 126,465       | 650          | 1,597,761                |
| Total capital assets, being                 |                         |               |              |                          |
| depreciated                                 | 51,762,181              | 10,839,284    | 1,403,592    | 61,197,873               |
| Less accumulated depreciation for:          |                         |               |              |                          |
| Infrastructure                              | 12,224,233              | 448,298       |              | 12,672,531               |
| Buildings                                   | 6,696,395               | 712,886       | 475,309      | 6,933,972                |
| Improvements other than buildings           | 1,704,354               | 170,367       | 31,211       | 1,843,510                |
| Machinery and equipment                     | 5,442,983               | 592,688       | 572,882      | 5,462,789                |
| Furniture and fixtures                      | 701,444                 | 163,758       |              | 865,202                  |
| Total accumulated depreciation              | 26,769,409              | 2,087,997     | 1,079,402    | 27,778,004               |
| Total capital assets, being                 |                         |               |              |                          |

| \$      | 1,129,934   |          | \$      | 12,522  |                | \$                      | 606,702 |                |  |  |  |  |

The City issued special assessment debt to provide funds for the construction of improvements to the area surrounding the Renaissance Towne Center. These bonds will be repaid from amounts levied against the property owners benefited by this construction. The City has established a receivable of \$2,586,805 for the amounts levied.

#### NOTE 8 DEVELOPER AND CUSTOMER DEPOSITS

General Fund deposits are principally deposits from developers that are held by the City until building projects receive the required City inspections and are in compliance with all City ordinances.

Enterprise fund deposits are customer deposits the City requires from some customers with a poor payment history and from businesses before they receive a utility connection. The deposit is returnable when the residence is vacated by the renter or when the business has established a history of meeting its obligations to the City.

#### NOTE 9 LONG-TERM DEBT

The following is a summary of long-term debt transactions of the City for the year ended June 30, 2005:

The liability for compensated absences is typically liquidated by the General Fund and all Enterprise Funds.

Amortization to maturity for each of the bond issues is provided in the following section. The amortization of compensated absences has not been included due to the uncertainty of the amounts and timing of payments.

#### Municipal Building Authority Lease Revenue Bonds Series 1996

The Municipal Building Authority Lease Revenue Bonds Series 1996 were issued June 1, 1996 by the Municipal Building Authority to construct a Police/Judicial Court Facility next to City Hall. The \$3,685,000 lease revenue bonds are due in semi-annual principal installments of \$96,000 to \$163,000 through March 1, 2015, plus interest at 4.6% to 5.9%, payable semi-annually. The Municipal Building Authority will lease the building to the City, which will in turn sublease portions of the building to the State of Utah. Rental income from the sublease will service the required bond payments. The bonds are subject to an optional redemption in whole or in part after March 1, 2001. In the event the State exercises the redemption option contained in the sublease agreement, the redemption option price will be equivalent to 100% of the principal amount to be redeemed and accrued interest at the date the option is exercised.

#### NOTE 9 LONG-TERM DEBT (Continued)

The annual debt service requirements to maturity, including principal and interest, for the Series 1996 Lease Revenue Bonds, as of June 30, 2005, are as follows:

| Year ending June 30, | <br>Principal   |    | Interest | Total           |  |  |

#### Municipal Building Authority Lease Revenue Bonds Series 2003

The Municipal Building Authority Lease Revenue Bonds Series 2003 were issued June 5, 2003 by the Municipal Building Authority (Authority) to finance the design and construction of a public parking structure. The \$3,790,000 lease revenue bonds, due in annual principal installments of \$285,000 to \$385,000 through June 1, 2016, plus interest at 2.5% to 5.0%, payable semi-annually. The parking structure consists of three stories having approximately 480 parking stalls and will be leased by the Authority to the City under an annually renewable Master Lease Agreement dated May 1, 2003. The City will utilize the parking structure to provide public parking for the Renaissance Towne Centre. The City anticipates making its lease payment from, among other available sources, tax increment generated from the development of the Renaissance Towne Centre pursuant to an agreement between the City and the Redevelopment Agency of Bountiful City dated December 16, 2002.

The annual debt service requirements to maturity, including principal and interest for the Series 2003 Lease Revenue Bonds, as of June 30, 2005, are as follows:

| Year ending June 30,                              | <br>Principal  | Interest  |    | Total  |

#### NOTE 9 LONG-TERM DEBT (Continued)

#### Special Assessment Bonds Series 2003

The Special Assessment Bonds Series 2003 were issued June 5, 2003 by the City to finance the construction of various road, water, wastewater, sewer, lighting, and public parking improvements benefiting several properties connected to the development of the Renaissance Towne Centre. The \$2,710,000 special assessment bonds are due in annual principal installments of \$152,000 to \$249,000 through June 1, 2018, plus interest at 2.9% to 5.7%, payable annually. These bonds will be repaid from special assessments levied against the benefited property owners.

The annual debt service requirements to maturity, including principal and interest for the Special Assessment Bonds Series 2003 as of June 30, 2005, are as follows:

| Year ending June 30,       | <br>Principal   | <br>Interest  | <br>Total       |
|----------------------------|-----------------|---------------|-----------------|
| 2006                       | \$<br>152,000   | \$<br>111,463 | \$<br>263,463   |
| 2007                       | 156,000         | 107,131       | 263,131         |

|                            | 2,492,000       | \$<br>926,965 | \$<br>3,418,965 |
| Less cost of debt issuance | <br>(104,983)   |               |                 |
| Total                      | \$<br>2,387,017 |               |                 |

#### NOTE 10 UNEARNED PROPERTY TAXES

In conjunction with the implementation of GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions" the City has accrued a property tax receivable and an unearned property tax revenue in the General Fund and Redevelopment Agency in the amounts of \$1,845,929 and \$900,000, respectively.

Property taxes recorded in the governmental funds are recorded using the modified accrual basis of accounting, wherein revenues are recognized when they are both measurable and available (expected to be received within 60 days). Property taxes attach as an enforceable lien on property as of the first day of January. Taxes are levied on October 1, and then are due and payable at November 30. Since the property tax to be levied on October 1, 2005 is not expected to be received within 60 days after the year ended June 30, 2005, the City is required to record a receivable and unearned revenue of the estimated amount of the total property tax to be levied on October 1, 2005.

#### NOTE 11 DESIGNATED FUND EQUITY

Unreserved fund balances which have designated purposes at June 30, 2005 are as follows:

|  | General<br>Fund |                    | Redevelopment<br>Agency |           | _  | Capital<br>Projects       | Total |  |  |
|--|-----------------|--------------------|-------------------------|-----------|----|---------------------------|-------|--|--|
| City beautification<br>Computer replacement<br>Redevelopment projects<br>Construction projects | \$              | 369<br>36,155<br>- | \$                      | 4,473,103 | \$ | -<br>-<br>-<br>18,321,800 | \$    | 369<br>36,155<br>4,473,103<br>18,321,800 |  |
|  | \$              | 36,524             | \$                      | 4,473,103 | \$ | 18,321,800                | \$    | 22,831,427                               |  |

#### NOTE 12 RISK MANAGEMENT

The City is self-insured for general liability claims. The Governmental Immunity Fund (an internal service fund) has been established to pay liability claims along with certain City Attorney expenses. The City has an all risk property insurance policy that includes: (1) buildings and content to a policy limit of \$84,059,993 with a \$2,500 deductible, (2) contractors equipment to a policy limit of \$320,000 with a \$2,500 deductible, (3) computer equipment to a policy limit of \$527,618 with a \$2,500 deductible, (4) \$10,000,000 in earthquake coverage with a 5% minimum \$100,000 deductible, (5) \$10,000,000 in flood coverage for facilities that are located outside the standard report zone with a \$100,000 deductible, and (6) boiler and machine coverage to a policy limit of \$25,000,000 with a \$10,000 deductible. The Treasurer is covered under a \$1,500,000 bond with no deductible. The City also has: (1) public employee dishonesty insurance (an employee blanket bond) with a \$100,000 limit per occurrence and a \$1,000 deductible, and (2) municipal excess liability coverage including general liability, auto liability, public officials errors and omissions and law enforcement to a limit of \$5,000,000 with a \$250,000 deductible for auto and general liability and \$100,000 deductible for law enforcement and errors and omissions. The City also has excess workers' compensation insurance with statutory limits and \$300,000 self-insurance retention. The City is self-insured for property loss above the limits and below the deductibles. The operating departments of the General Fund or proprietary funds assume the financial responsibility for risk retained by the City for property damage. There has been no significant change in insurance coverage during the year ended June 30, 2005, nor during the past four fiscal years has the amount of settlements exceeded insurance coverage.

A summary of changes in general liability claims for the years ended June 30, 2005 and 2004, are as follows:

|  | General<br>Liability<br>Claims    | _        |
|--|-----------------------------------|----------|
| Balance, July 1, 2003<br>Additions<br>Deletions  | \$ 11,762<br>216,292<br>(186,088) | _        |
| Balance, June 30, 2004<br>Additions<br>Deletions | 41,966<br>59,814<br>(82,541)      | <u> </u> |
| Balance, June 30, 2005                           | \$ 19,239                         | _        |

#### NOTE 12 RISK MANAGEMENT (Continued)

The City also has a risk management program for workers' compensation. Premiums are paid to the Workers' Compensation Self-Insurance Fund (an internal service fund) and are available to pay these claims along with certain administrative expenses.

A summary of changes in workers' compensation claims for the years ended June 30, 2005 and 2004, are as follows:

|                        | Workers'<br>Compensation<br>Claims |  |  |  |  |
|------------------------|------------------------------------|--|--|--|--|
| Balance, July 1, 2003  | \$ 23,423                          |  |  |  |  |
| Additions              | 109,888                            |  |  |  |  |
| Deletions              | (67,593)                           |  |  |  |  |
| Balance, June 30, 2004 | 65,718                             |  |  |  |  |
| Additions              | 124,157                            |  |  |  |  |
| Deletions              | (121,394)                          |  |  |  |  |
| Balance, June 30, 2005 | \$ 68,481                          |  |  |  |  |

City management believes that possible claims where the loss cannot be reasonably estimated (claims incurred but not reported) are immaterial to the financial statements of the City.

The general liability and workers' compensation claims are included in accounts payable of the Internal Service Funds.

#### NOTE 13 RETIREMENT PLAN

#### Cost Sharing Defined Benefits Pension Plans

Plan description: The City contributes to the Local Governmental Contributory Retirement System, the Local Governmental Noncontributory Retirement System, the Firefighters Retirement System, cost-sharing multiple-employer defined benefit pension plans. These plans are administered by the Utah Retirement Systems (the Systems). The Systems provide retirement benefits, annual cost of living adjustments, death benefits and refunds to plan members and beneficiaries in accordance with retirement statutes established and amended by the State Legislature.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated, 1953, as amended. The Utah State Retirement Office Act in Chapter 49 provides for the administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (the Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Local Governmental Contributory Retirement System, the Local Governmental Noncontributory Retirement System, and the Firefighters Retirement System. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, UT 84102 or by calling 1-800-365-8772.

#### NOTE 13 RETIREMENT PLAN (Continued)

#### Cost Sharing Defined Benefits Pension Plans (Continued)

Funding policy: Plan members in the Local Governmental Contributory Retirement System are required to contribute 6% of their annual covered salary (all of which is paid by the City), and the City is required to contribute 7.08% of their annual covered salary. In the Local Governmental Noncontributory Retirement System, the City is required to contribute 11.09% of members' annual covered salary. In the Firefighters Retirement System, members do not contribute, and the City is required to contribute 8.61% of the members' annual covered salary. The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the Board.

The City contributions to the Local Governmental Contributory Retirement System for the years ended June 30, 2005, 2004, and 2003, were \$23,187, \$19,304, and \$17,206 respectively; for the Noncontributory Retirement System, the contributions for the years ended June 30, 2005, 2004, and 2003, were \$710,663, \$575,764, and \$493,224 respectively; and for the Firefighters Retirement System, the contributions for the years ended June 30, 2005, 2004, and 2003, were \$39,136, \$63,593, and \$59,119 respectively. The contributions were equal to the required contributions for each year.

#### Agent Multiple Employer Defined Benefit Pension Plan

Plan description: The City contributes to a Public Safety defined benefit pension plan, for public safety employees, which provides refunds, retirement benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries in accordance with retirement statutes. Bountiful City is affiliated with the Utah Retirement Systems Public Safety Retirement System, an agent multiple-employer and cost sharing multiple-employer pension plan administered by the Utah Retirement Systems (Systems). The Utah State Retirement Act in Chapter 49 provides for the administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Bountiful City Public Safety Retirement System. A copy of the report may be obtained by writing to the Utah Retirement System, 540 E 200 S, Salt Lake City, UT 84102 or by calling 1-800-365-8772.

Funding Policy: The City is required to contribute 19.68% of members' annual covered salary in the Noncontributory Division. The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the Board.

Annual pension cost: For 2005, the City's Public Safety annual pension cost of \$324,173 was equal to the City's required and actual contributions. The required contribution was determined as part of the January 1, 2004 actuarial valuation using the entry age normal cost method. The actuarial assumptions include (a) 8% investment rate of return (net of administrative expenses), (b) assumed projected salary increases of 4.50% (3.50% from inflation, 1.00% from membership growth), and (c) 2.5% cost of living adjustment. Both (a) and (b) include an inflation component of 3.50%. The actuarial value of the City's Public Safety assets was determined using techniques that smooth the effects of short-term volatility in the fair value of investments over a 5-year period. Bountiful City Public Safety unfunded actuarial accrued liability is being amortized over an open twenty-year amortization period. Amortization payments are designed to remain level as a percent of payroll.

#### NOTE 13 RETIREMENT PLAN (Continued)

#### Agent Multiple Employer Defined Benefit Pension Plan (Continued)

The following illustrates the three year trend analysis of employer contributions for Bountiful City Public Safety:

|               | Annual        | Percentage   |            | Net    |
|---------------|---------------|--------------|------------|--------|
| Year          | Pension       | APC          | Pe         | ension |
| Ended         | <br>ost (APC) | Contribution | Obligation |        |
| June 30, 2005 | \$<br>324,173 | 100%         | \$         | -      |
| June 30, 2004 | 301,564       | 100%         |            | -      |
| June 30, 2003 | 287,124       | 100%         |            | -      |

The following illustrates the funding progress for Bountiful City Public Safety:

|                   |                  |                  |               |         |                 | Unfunded     |
|-------------------|------------------|------------------|---------------|---------|-----------------|--------------|
| Actuarial         | Actuarial        | Actuarial        | Unfunded      |         |                 | Liability as |
| Valuation         | Value of         | Accrued          | Actuarial     | Funding | Covered         | % of Covered |
| Date              | Assets           | Liability        | Liability     | Ratio   | Payroll         | Payroll      |
| December 31, 2004 | \$<br>12,384,000 | \$<br>12,685,000 | \$<br>301,000 | 98%     | \$<br>1,621,000 | 19%          |
| January 1, 2004   | 11,809,000       | 11,640,000       | (169,000)     | 102%    | 1,653,000       | (10%)        |
| January 1, 2003   | 10,958,000       | 11,170,000       | 212,000       | 98%     | 1,601,000       | 13%          |

#### NOTE 14 DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLANS

#### 401(k) defined contribution plans

The City sponsors a defined contribution deferred compensation plan administered by ICMA Retirement Corporation and Western Reserve Life Assurance Company of Ohio under Internal Revenue Code Section 401(k) for City employees covered by the State's contributory and noncontributory retirement plans. The plan, available to all permanent full-time City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The 401(k) deferred compensation monies are not available to the City or its general creditors. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested in the employee's account from the date of employment. The City's total payroll in the fiscal year ended June 30, 2005 was \$10,815,045. Of that amount, \$8,687,180 was eligible to participate in the plan. The City participates at rates between 1.62% and 3.61%, depending on the state retirement rate. The rate of City participation can be changed by the City Council. During the year ended June 30, 2005, contributions totaling \$297,844 were made to the plan by employees and \$250,955 by the City.

The City also sponsors a defined contribution deferred compensation plan administered by the Utah Retirement Systems (the Systems) under Internal Revenue Code Section 401(k). The plan, available to all permanent full-time City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The 401(k) deferred compensation monies are not available to the City or its general creditors. Contributions for each employee (and interest allocated to the employee's account) are fully vested in the employee's account from the date of employment. The City's total payroll in the fiscal year ended June 30, 2005 was \$10,815,045. Of that amount, \$8,687,180 was eligible to participate in this plan. The City participated at a rate of 19.68%. The rate of City participation can be changed by the City Council. During the year ended June 30, 2005, contributions totaling \$84,498 were made to this plan by employees and \$17,288 by the City.

#### NOTE 14 DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLANS (Continued)

#### 457 deferred compensation plans

The City offers its employees two deferred compensation plans created in accordance with Internal Revenue Code Section 457, administered by the Systems and ICMA Retirement Corporation. The plans, available to all permanent full-time City employees, permit them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The 457 deferred compensation monies are not available to the City or its general creditors. In the City's opinion, the plan does not meet the fiduciary requirements and therefore has not been included in an agency fund, in accordance with GASB Statement No. 32, and is currently held in trust by the City's administrators, the Utah Retirement Systems and ICMA Retirement Corporation.

#### NOTE 15 POST-RETIREMENT HEALTH CARE BENEFITS

In addition to providing pension benefits through the Systems, the City provides certain health care benefits, as permitted under City ordinance No. 90-6, for retired City employees until the age of 65. All of the City's permanent full-time employees may become eligible for the benefits at the time of retirement if they have 30 years of employment and are at least 55 years old or have 25 years of employment and are at least 60 years old. The City pays the cost of the premiums for single coverage on a pay-as-you-go basis. For the year ended June 30, 2005, the City had thirteen participants eligible to receive benefits and such costs totaled \$65,604. The cost of retirement health care benefits is recognized as an expenditure as premiums are paid.

#### NOTE 16 LEASES

In 1989, the City entered into a 30-year capital lease agreement with a local business whereby the City leased land held by the City Cemetery Fund to the business. The City has accounted for the land lease using the installment method. The lease agreement has a zero percent implied interest rate. Upon completion of the lease terms ownership of the land may transfer to the business under a bargain purchase option. The note receivable related to the land lease had a balance of \$182,010 as of June 30, 2005.

The future maturities of the note receivable related to the land lease are as follows:

| 2006                          | \$<br>13,000  |
|-------------------------------|---------------|
| 2007                          | 13,000        |
| 2008                          | 13,000        |
| 2009                          | 13,000        |
| 2010                          | 13,000        |
| 2011-2015                     | 65,000        |
| 2016-2019                     | <br>52,010    |
| Total payments to be received | \$<br>182,010 |

In June 1996, the City entered into an operating lease agreement with the State of Utah whereby the State's Judicial Court will lease portions of the City's Public Safety building. The rental income from this lease will service the City's Lease Revenue Bond payments. The lease is renewable each year at the option of the City through March 2015.

#### NOTE 16 LEASES

The future minimum rental payments to be received by the City from this operating lease are as follows:

| 2006                                | \$<br>335,994   |
|-------------------------------------|-----------------|
| 2007                                | 335,501         |
| 2008                                | 335,646         |
| 2009                                | 336,106         |
| 2010                                | 335,796         |
| 2011-2015                           | <br>1,680,980   |
| Total future minimum lease payments | \$<br>3,360,023 |

The City received \$308,263 in rental income from this operating lease for the year ended June 30, 2005. The City's Public Safety building is included in the capital assets section of the financial statements with a cost of \$7,126,977 and associated accumulated depreciation of \$2,672,617. The State's Judicial Court leases approximately 48% of the building.

#### NOTE 17 COMMITMENTS AND CONTINGENCIES

The City believes that possible contingencies (contingencies incurred but not reported) where the loss cannot be reasonably estimated are immaterial to the financial statements of the City. The City had approximately \$138,024 of outstanding construction commitments at June 30, 2005.

The Redevelopment Agency holds a commitment to a developer for 100% of the tax increment generated by certain properties. The City is committed to make the payments through December 31, 2008 or until the City has paid a total of \$200,000 in tax increment to the developer. The Redevelopment Agency has paid a total of \$103,363 of tax increment through June 30, 2005 related to this commitment.

The South Davis Metro Fire Agency (Agency) was formed in October 2004. This Agency provides fire and emergency medical services to the citizens of Bountiful and several surrounding communities. Bountiful's fire department personnel were terminated by the City as of December 31, 2004, and became employees of the Agency. The Agency will have full access to, and use of, the fire department assets. However, the City will retain ownership of those assets until the Agency receives its taxing authority status. Until that time, each municipality participating in the Agency will share proportionately in the Agency's operating expenses based on each municipality's total property tax assessed valuation. Bountiful's share of expenses for the fiscal year, including start up costs, was \$891,528.

The City, through the Redevelopment Agency, entered into an interlocal government agreement with the Davis County School District to construct a new gymnasium, parking lot and other improvements. The gymnasium will be for the shared use of the School District and the City. By the terms of the agreement, the interest of the city in the gymnasium may be assigned to the South Davis Recreation District. In order to fund the construction, the School District has consented to allow the City, through the Redevelopment Agency, to receive 100% of the tax increment from the 1983 RDA project Area for the years 2005 to 2015. The City, through the Redevelopment Agency, has committed \$4,200,000 for initial funding. The amount may exceed this amount as construction circumstances may merit.

#### NOTE 18 INTERGOVERNMENTAL REVENUE

Intergovernmental revenue for the year ended June 30, 2005 consists of the following:

| Utah Class "C" Road allotment                    | \$<br>1,097,065 | 88.55  | % |
|--|-----------------|--------|---|
| City of Woods Cross RDA Tax Increment            | 76,156          | 6.14   |   |
| Homeland Security Grant                          | 32,650          | 2.64   |   |
| Utah Liquor Law Enforcement Grant                | 21,201          | 1.71   |   |
| Davis County Narcotics Strike Force Pass-Through | 6,734           | 0.54   |   |
| Utah Emergency Medical Services Grant            | 3,711           | 0.30   |   |
| HazMat Emergency Plan Training Grant             | <br>1,433       | 0.12   |   |
|  | \$<br>1,238,950 | 100.00 | % |

#### NOTE 19 OPERATING TRANSFERS RECONCILIATION

The operating transfers among the funds for the year ended June 30, 2005 were as follows:

|                                   | In |           |    | Out       |  |  |
|-----------------------------------|----|-----------|----|-----------|--|--|
| General Fund                      | \$ | 2,150,520 | \$ | 496,071   |  |  |
| Municipal Building Authority Fund |    | 257,872   |    | -         |  |  |
| Redevelopment Agency              |    | -         |    | 95,754    |  |  |
| Capital Projects Fund             |    | -         |    | 188,118   |  |  |
| Enterprise                        |    |           |    |           |  |  |
| Water Fund                        |    | 24,854    |    | -         |  |  |
| Light and Power Fund              |    | 223,681   |    | 2,150,520 |  |  |
| Golf Course Fund                  |    | -         |    | 12,000    |  |  |
| Recreation Fund                   |    | 285,536   |    | -         |  |  |
|                                   | \$ | 2,942,463 | \$ | 2,942,463 |  |  |

#### NOTE 20 LANDFILL CLOSURE

During the year ended June 30, 1990, the City and several surrounding municipalities entered into a settlement agreement (the Agreement) regarding the City's Bay Area Refuse Disposal (BARD) landfill, accounted for in the landfill closure expendable trust fund. The Agreement provided, among other things, that the City drop its civil action against the municipalities for their breach of contract and for their estimated liability under the Comprehensive Environmental Response, Compensation, and Liability Act (the Act). In return, the municipalities contributed amounts estimated to be sufficient to close the BARD and settle the remaining estimated liabilities under the Act. As of June 30, 2005, \$666,698 is being held in a trust fund until all claims are settled.

In addition to the funds arising from the settlement, the City has established a specific closure and post-closure reserve in the Landfill Operating Fund, an enterprise fund, in accordance with GASB Statement No. 18, "Accounting for Municipal Solid Waste Landfill Closure and Post-closure Care Costs." State and federal laws and regulations require the City to place a final cover on its BARD landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and post-closure care costs will be paid only near or after the date the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date.

#### NOTE 20 LANDFILL CLOSURE (Continued)

The estimated liability for these costs is \$1,655,459 as of June 30, 2005. The City has reported and included in accrued liabilities \$848,981 as landfill closure and post-closure care liability at June 30, 2005 which is based on 51% usage (filled) of the landfill. The City will recognize the remaining estimated cost of closure and post-closure care as the remaining estimated capacity of the landfill is used. These amounts are based on what it would cost to perform all closure and post-closure care in 2005. The City estimates it will close the landfill in or after the year 2050. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

The City is required by state and federal laws and regulations to make annual contributions to finance closure and post-closure care. The City is in compliance with these requirements, and, at June 30, 2005, investments of \$2,379,590 (cost and fair value) are held for these purposes. The City expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenue.

#### NOTE 21 INVESTMENTS IN POWER PROJECTS AND RELATED CONTRACTS

On September 26, 1978, the Light and Power Fund (the Fund) entered into a 50-year contract with the Intermountain Power Agency (IPA) for the purchase of power. Under the terms of the agreement, the Fund is liable for an agreed-upon purchase amount of approximately 1.3% of production regardless of whether it is used or not. On December 1, 1980, the Fund entered into an excess power sales agreement whereby all power purchased from IPA in excess of the Fund's scheduled amount will be sold to a group of California cities, thus relieving the Fund's excess power purchase liability. The Fund has 6 megawatts scheduled for the winter season starting September 25, 2005 and ending March 25, 2006, with 3 megawatts having been resold to Springville City at full cost recovery. An additional 14 megawatts is scheduled for the summer season beginning March 25, 2006 through September 25, 2006. The Fund intends to schedule an additional 14 megawatts for the summer season starting March 25, 2007 through September 25, 2007. This could cost the Fund approximately \$3,750,000 in the fiscal year 2007. The Fund purchased power via this contract totaling \$1,203,354 during the fiscal year ended June 30, 2005. For fiscal year 2006, the budgeted amount for this contract is \$2,010,384.

The Fund has a contract with Western Area Power Administration to provide a prorated share of the actual hydropower capacity from the Salt Lake City Area Integrated Projects. This contract was revised October 1989 and will be in force until September 30, 2024 and supplies about 40% of the Fund's power. The Fund purchased power via this contract totaling \$2,800,159 during the fiscal year ended June 30, 2005. For the fiscal year 2006, the budgeted amount for this contract is \$3,083,411.

On July 1, 1993, the Fund entered into a power sales agreement with Utah Associated Municipal Power Systems (UAMPS) to purchase a five megawatt interest in the San Juan Unit No. 4 coal-fired power plant from Public Service of New Mexico for the sum of \$5,790,000. Under the terms of this agreement, the Fund is liable for a take-or-pay amount of 1.004% of the plant's production. The Fund purchased power via this project totaling \$1,533,395 during the fiscal year ended June 30, 2005. For fiscal year 2006, the budgeted amount for operation and maintenance is \$1,649,788.

The Fund through UAMPS purchased an interest in the Craig-Mona 345 kV transmission line. UAMPS owns 15% of the total line and the Fund has a 22.3% entitlement of UAMPS' share of the first segment which runs west from Craig, Colorado to the Bonanza Power Plant in northeast Utah. There are no take-or-pay obligations for the purchase of power in this agreement. The Fund is responsible for its share of the O&M costs associated with the line. The Fund paid \$170,170 for O&M for the fiscal year ended June 30, 2005. For fiscal year 2006, the budgeted amount for O&M is \$86,400. The Fund through

#### NOTE 21 INVESTMENTS IN POWER PROJECTS AND RELATED CONTRACTS (Continued)

UAMPS has leased approximately half of its entitlement to Pacificorp for the next two years. The Fund's share of the lease income is approximately \$300,000 per year.

Beginning on October 1, 2001, the Fund entered into an agreement with Deseret Power Electric Cooperative to purchase 10 megawatts during on peak and 6 megawatts during off peak. This is a take-or-pay contract which will continue through September 30, 2011. The Fund purchased power from Deseret Power via this contract totaling \$3,635,774 during the year ended June 30, 2005. For the fiscal year 2006, the budgeted amount for this project is \$3,438,727.

On June 16, 1999, the Fund, along with other members of UAMPS, entered into a Master Firm Power Supply Agreement with UAMPS for the purchase of firm power from the Idaho Power Company which has currently assigned the contract to Sempra Energy. Under the terms of the agreement, the Fund is responsible on a take-or-pay purchase for 10.08% of the total megawatts purchased by UAMPS or approximately 7.5 megawatts through December 2007. The Fund purchased power via this contract totaling \$1,482,087 during the fiscal year ended June 30, 2005. For fiscal year 2006, the budgeted amount for this contract is \$1,495,081.

The Fund purchases power from, and sells power to, UAMPS and other members through the UAMPS PX system. The Fund is responsible for its budgeted share of UAMPS' O&M. In addition to the normal O&M, in March 2002 UAMPS borrowed approximately forty million dollars to cover operating shortfalls from power contracts signed during the 2000 and 2001 power crisis. This note will be repaid from individual members through a cost recovery charge (CRC). The Fund is responsible for approximately \$83,000 a month or 9.0185% of the \$7,930,728 balance as of June 30, 2005. The Fund's final CRC payment is scheduled for April 2006. The Fund paid UAMPS \$1,804,079 for the fiscal year ended June 30, 2005 for power, O&M, and CRC charges. For fiscal year 2006, the budgeted amount for this contract is \$1,050,172.

#### NOTE 22 REDEVELOPMENT AGENCY OF THE CITY OF BOUNTIFUL

For the year ended June 30, 2005, the following activity occurred in the City's Redevelopment Agency:

#### Tax increment collected from other taxing agencies for Project Area:

| Project Area 1  |          |                    |
|---|----------|--------------------|
| District #3   | \$       | 324,946            |

#### NOTE 23 CONDUIT DEBT OBLIGATIONS

From time to time, the City has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are collateralized by the property financed and are payable solely from payments received on the underlying mortgage loans.

Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2005, there were two series of Industrial Revenue Bonds outstanding, having an outstanding principal balance of \$12,940,000.

#### NOTE 24 OTHER REQUIRED FUNDS DISCLOSURE

For the year ended June 30, 2005, the Redevelopment Agency special revenue fund exceeded appropriations by \$262,036.

#### NOTE 25 SUBSEQUENT EVENTS

In September 2005, the City entered into an interlocal agreement whereby the City will advance \$2,000,000 to the South Davis Recreation District for the construction of an ice arena. Davis County pledged to pay \$2,000,000 to the District, from the Tourism Fund, subject to annual appropriation, over a ten year term with interest accruing thereon at 3.5% per year. Upon receipt of each semi-annual payment from the County, the District will immediately remit those same amounts to the City in repayment of the advance previously received.

The City's Redevelopment Agency entered into three separate agreements to provide loans in the amounts of \$30,000, \$41,000, and \$225,000, respectively, to local businesses. These notes are collateralized by land and buildings, and all bear interest at 3.00%. Monthly principal and interest payments for the first note aggregate \$290, beginning September 2005 and continuing until August 2010 when a balloon payment of \$16,411 is due. Monthly principal and interest payments for the second note aggregate \$396, beginning September 2005 and continuing until August 2010 when a balloon payment of \$22,429 is due. Monthly principal and interest payments for the third note aggregate \$2,173, beginning December 2005 and continuing until November 2010 when a balloon payment of \$122,777 is due.
