Do I need a Business License?

All vendors who are residents of Bountiful and perform business outside of the Farmers Market as well as at the Farmers Market should have a business license through the city of Bountiful. Please fill out an application through the Bountiful City website, or contact the Bountiful City Planning Department at 801-298-6190 with questions.

Do food vendors need a special license?

- Approved food vendors will need to contact the Utah Department of Agriculture & Food and/or the County Health Department for approval of health department permits and/or UDAF registration to sell food at a farmers market.
- **All Farmers** should refer to producesafety.utah.gov for information and support on safe food handling for Farmers Markets, as well as a helpful resource.

What if my application is denied, or put on the waitlist?

If your application is **denied**, you may not meet our vendor qualifications. If you are put on our **waitlist**, there may already be a similar product at the market, or we are full for the dates you applied for. However, occasionally spaces open up. On this occasion, market managers refer to the waitlist for vendors to fill those spaces. This sometimes happens the week-of a market! You will be contacted via email if a space becomes available for you, so keep an eye on your email during the market season.

Can my child apply to be a vendor?

Vendors must be a minimum of 18 years old. However, we allow a limited number of youth vendors, who may operate a booth but must be supervised by an adult.
