

State Route 106

RENEWED

Centerville to Farmington

Upcoming Work

Because the Tour of Utah has a planned route for this area next week, crews will remove the traffic barriers from Main Street this weekend. Starting as early as Thursday, August 16th, the traffic barriers will be placed back on Main Street to accommodate the remaining work, which includes:

- Crews are adjusting manholes and utilities
- Crews are installing new signs throughout the project area
- Painting roadway striping is expected to be completed early next week

Construction is expected to be complete in late August. Pay attention to changing traffic patterns and be alert to workers and equipment in the work zone.

For the latest information on traffic conditions, visit udottraffic.utah.gov or download the UDOT Traffic app.

**Construction schedules are weather dependent and subject to change.*
