Mr. Gary Hill:

I have evaluated areas within Bountiful City where existing and historical hazardous environmental conditions exist and meet the requirements of 15A-5-202.5(b). It is anticipated these areas will become drier and more hazardous in the month of July. These areas where existing and historical hazardous environmental conditions exist are shown on the attached map and detailed below.

Based on the determination that existing or historical hazardous environmental conditions exist in the described and restricted areas on the attached map, the use of any ignition source, including fireworks, lighters, matches, sky lanterns, and smoking materials is prohibited in the restricted area.

The discharge of fireworks is prohibited in the city of Bountiful within the areas from the Centerville – Bountiful City border at 650 east, East of 650 east to 1400 North, 1400 North East to 900 East, East of 900 East to 400 North, East 400 north to Davis Blvd, All of Davis Blvd to the Bountiful- North Salt Lake border.

Campfires and all other fires are allowed only in an approved fire pit designed and installed by the forest service or the City. No homemade or makeshift fire pits are allowed. This restriction does not apply to residential structures or improved fire pits adjacent to a residential structure.

This does not apply to the Bountiful City Handcart Days public fireworks display because of adequate fire prevention preparations.
